Re: The Dayton Power and Light Company's Response to U.S. EPA's
Request for Information for The South Dayton Dump & Landfill Site
in Moraine, Ohio

Dear Ms. Herring:

On behalf of my client, The Dayton Power and Light Company ("DP&L"), I hereby respond to the United States Environmental Protection Agency's ("U.S. EPA") January 16, 2015 Request for Information ("Information Request") for the South Dayton Dump & Landfill Site in Moraine, Ohio ("SDDL" or "Site"). On February 13, 2015 and March 19, 2015, DP&L requested and received an extension of time in which to respond to the Information Request.

On July 18, 2002, U.S. EPA issued a similar Request for Information for the South Dayton Dump, and DP&L responded to same on September 11, 2002 ("2002 104(e) Response"). On December 10, 2002, U.S. EPA issued a request for additional information for the South Dayton Dump, and DP&L responded to same on January 17, 2003 ("2003 104(e) Response"). Finally, on January 31, 2003, U.S. EPA issued a second request for additional information for the South Dayton Dump, and DP&L responded to same on February 20, 2003 ("Second 2003 104(e) Response").

DP&L has conducted an investigation in response to U.S. EPA's most recent Information Request. Similar to previous investigations, DP&L's most recent investigation does not indicate that DP&L disposed of any hazardous substances at the Site.

DP&L objects to the Information Request and its instructions and definitions as being overly broad, burdensome, vague, ambiguous, and beyond the scope of CERCLA § 104(e)(2)(A-C). DP&L also objects to the Information Request to the extent it seeks information that is protected by the attorney-client privilege or attorney work-product doctrine. DP&L specifically denies any liability and/or wrongdoing that may be alleged as a result of the Site investigation.

Margaret Herring, Civil Investigator
March 27, 2015
Page 2

Subject to DP&L's objections, denial of liability and reservation of rights, DP&L provides the following attached responses to the best of its ability and based on information that DP&L possesses at this time: 1) answers to question numbers 1 through 23 of U.S. EPA's Information Request (Attachment A); and 2) documents contained in Exhibits A-D (Attachment B). To the extent any of DP&L's previous responses to U.S. EPA's information requests for this Site are applicable, DP&L hereby incorporates by reference its 2002 104(e) Response, 2003 104(e) Response and Second 2003 104(e) Response. DP&L reserves the right to subsequently supplement this response as DP&L obtains or becomes aware of additional relevant information.

Finally, DP&L objects to U.S. EPA's Information Request to the extent it requires that the response be certified "by the individual who prepared the response or the responsible corporate official acting on behalf of the corporation". DP&L is unaware of any requirement under CERCLA or otherwise that imposes such a duty. The matters that are the subject of the Information Request, and DP&L's response, are not within the personal knowledge of the undersigned nor is there any official of DP&L or other individual who has personal knowledge of all such matters. This letter and attachments constitute the corporate response of DP&L to the Information Request and is based upon information obtained by and from employees and counsel for DP&L. The undersigned is authorized to and has signed the response as counsel for DP&L.

DP&L's responses contained in Attachment A reflect U.S. EPA's agreement to limit the scope of the Information Request to the time period from 1941 to 1996 and the limit of the geographical scope to facilities within a fifty (50)-mile radius of the Site. Because the Information Request goes beyond U.S. EPA's authority under section 104(e) of CERCLA, DP&L's responses in Attachment A are limited to information that relates to the Site and/or has some nexus to the Site.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

Frank L. Merrill

ATTACHMENT A

The Dayton Power and Light Company's Response to U.S. EPA's Information Request for the South Dayton Dump Site

Question 1. Identify all persons consulted in the preparation of the answers to these questions.

Response:

JoAnne C. Rau
Director, Environment and Safety Management
The Dayton Power and Light Company
1065 Woodman Drive
Dayton, OH 45432
(937) 259-7376
joanne.rau@aes.com

Scott Arentsen
Environmental Specialist
The Dayton Power and Light Company
1065 Woodman Drive
Dayton, OH 45432
(937) 259-7375
scott.arentsen@aes.com

Question 2. Identify all documents consulted, examined or referred to in the preparation of the answers to these questions, and provide copies of all such documents.

Response:

The Dayton Power and Light Company ("DP&L") consulted, examined and reviewed numerous documents in the preparation of the responses to these questions. However, the majority of the material proved to be irrelevant and showed no connection between DP&L and the South Dayton Dump Site ("Site"). All relevant documents have been attached in Attachment B or have been previously provided to U.S. EPA in DP&L's 2002 104(e) Response, 2003 104(e) Response and/or Second 2003 104(e) Response.

Question 3. If you have reason to believe that there may be persons able to provide a more detailed or complete response to any question or who may be able to provide additional responsive documents, identify such persons. Provide their current, or last known, address, telephone numbers, and e-mail address.

Response:

After reasonable due diligence and investigation, DP&L has no reason to believe that there may be persons, other than disclosed in Response to Question 1, able to provide a more detailed or complete response to any question in the Information Request.

Question 4. Provide names, addresses, telephone numbers, and e-mail addresses of any individuals, including former and current employees, who may be knowledgeable about Respondent's operations and hazardous substances handling, storage and disposal practices.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Scott Arentsen
Environmental Specialist
The Dayton Power and Light Company
1065 Woodman Drive
Dayton, OH 45432
(937) 259-7375
scott.arentsen@aes.com

JoAnne C. Rau
Director, Environment and Safety Management
The Dayton Power and Light Company
1065 Woodman Drive
Dayton, OH 45432
(937) 259-7376
joanne.rau@aes.com

Georgene Dawson
Manager, Operations
The Dayton Power and Light Company
1900 Dryden Road
Dayton, OH 45439
(937) 331-4938
georgene.dawson@aes.com

Amy Wright
(former DP&L employee)

NON-RESPONSIVE

Question 5. State the date(s) on which the Respondent sent, brought or moved drums and/or hazardous substances to the South Dayton Dump and Landfill (SDDL) Site and the names, addresses, telephone numbers, and e-mail addresses of the person(s) making arrangements for the drums and/or hazardous substances to be sent, brought or moved to the SDDL Site.

Response:

None; DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site.

Question 6. Did Respondent haul or send materials to SDDL in vehicles it owned, leased or operated? If yes, during what time periods did this occur? If no, how did Respondent transport materials to SDDL? Identify the hauler(s) and provide the addresses, telephone numbers, and e-mail addresses of these entities.

Response:

Yes. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, etc., from 1952 to 1977. DP&L also disposed of non-hazardous fly ash and cinders at the SDDL. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

PERMITS/REGISTRATIONS

Question 7. List all federal, state and local permits and/or registrations and their respective permit numbers issued to Respondent for the transport and/or disposal of materials.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

None.

Question 8. Which shipments or arrangements were sent under each permit? If what happened to the hazardous substances differed from what was specified in the permit, please state, to the best of your knowledge, the basis or reasons for such difference.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Not applicable.

Question 9: Were all hazardous substances transported by licensed carriers to hazardous waste Treatment Storage and Disposal Facilities permitted by the U.S. EPA?

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Yes, but as for the SDDL, DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site.

Question 10. List all federal, state and local permits and/or registrations and their respective permit numbers issued for the transport and/or disposal of wastes.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Unknown to DP&L because such permits and/or registrations were issued to entities other than DP&L, but as for the SDDL, DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site.

Question 11. Does your company or business have a permit or permits issued under Resource Conservation and Recovery Act? Does it have or has it ever had a permit or permits under the hazardous substance laws of the State of Ohio? Does your company or business have an EPA Identification Number, or an identification number supplied by the State Environmental Protection Agency? Supply any such identification number(s) your company or business has.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has no permits issued under RCRA and has never had a permit issued under the hazardous waste laws of the State of Ohio, which does not issue permits under any hazardous "substance" laws of the State of Ohio.

Below is a list of DP&L's present EPA Identification Numbers:

OHD180025637 (Eaton Service Center)
OHD987033024 (Greenville Service Center)
OHD180025777 (Huber Heights Service Center)
OHD987023280 (Miamisburg Service Center)
OHD982617003 (North Dayton Service Center)
OHD180025660 (Research Park Service Center)
OHD000721282 (Sidney Service Center)

OHD000817015 (Broadway Service Center)
OHD000721316 (Urbana Service Center)
OHD000721209 (Xenia Service Center)

OHD000721225 (Hutchings)

OHD000817452 (Longworth Steam Station)
OHD000817502 (Third Street Steam Station)
OHD000817437 (Steam Distribution)

OHT400010096 (Monument Substation)
OHD000817460 (Yankee Street Diesel Plant)

Question 12. Identify whether Respondent ever filed a Notification of Hazardous Waste Activity with the EPA or the corresponding agency or official of the State of Ohio, the date of such filing, the wastes described in such notice, the quantity thereof described in such notice, and the identification number assigned to such facility by EPA or the state agency or official.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Yes, see documents attached in Exhibit A of Attachment B.

**RESPONDENT'S DISPOSAL/TREATMENT/STORAGE/RECYCLING/SALE
OF WASTE (INCLUDING BY-PRODUCTS)**

Question 13. Identify all individuals who currently have and those who have had responsibility for Respondent's environmental matters (e.g. responsibility for the disposal, treatment, storage, recycling, or sale of Respondent's wastes). Also provide each individual's job title, duties, dates performing those duties, supervisors for those duties, current position or the date of the individual's resignation, and the nature of the information possessed by such individuals concerning Respondent's waste management. For each individual identified in response to this question provide the current or most recent known address, telephone number and email address.

Response:

See Response to Question No. 4.

Question 14. Describe the containers used to take any type of waste from Respondent's operation, including but not limited to:

- a. the type of container (e.g. 55 gal. drum, dumpster, etc.);

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

As for the SDDL, DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- b. the colors of the containers;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Not applicable with respect to the SDDL.

- c. any distinctive stripes or other markings on those containers;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Not applicable with respect to the SDDL.

- d. any labels or writing on those containers (including the content of those labels);

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Not applicable with respect to the SDDL.

- e. whether those containers were new or used; and

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Not applicable with respect to the SDDL.

- f. if those containers were used, a description of the prior use of the containers.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Not applicable with respect to the SDDL.

Question 15. For any type of waste describe Respondent's contracts, agreements, or other arrangements for its disposal, treatment, or recycling. Provide copies of all documents relating to the transportation or disposal of said waste, including correspondence and manifests. Include all correspondence and records of communication between Respondent and Cyril Grillot, Kenneth Grillot, Alcine Grillot, or Horace Boesch, Sr.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

As for the SDDL, see documents attached in Exhibit B of Attachment B.

Question 16. Provide copies of such contracts and other documents reflecting such agreements or arrangements.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

As for the SDDL, see documents attached in Exhibit B of Attachment B.

- a. State where Respondent sent each type of its waste for disposal, treatment, or recycling.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SD DL in trucks owned and operated by DP&L.

- b. Identify all entities and individuals who picked up waste from Respondent or who otherwise transported the waste away from Respondent's operations (these companies and individuals shall be called "Waste Carriers" for purposes of this Information Request).

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- c. If Respondent transported any of its wastes away from its operations, please so indicate and answer all questions related to "Waste Carriers" with reference to Respondent's actions.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- d. For each type of waste specify which Waste Carrier picked it up.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- e. For each type of waste, state how frequently each Waste Carrier picked up such waste.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- f. For each type of waste state the volume picked up by each Waste Carrier (per week, month, or year).

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- g. For each type of waste state the dates (beginning & ending) such waste was picked up by each Waste Carrier.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- h. Provide copies of all documents containing information responsive to the previous seven questions.

Response:

After a diligent search for responsive documents, DP&L has not identified any documents responsive to this request, as it relates to the SDDL.

- i. Describe the vehicles used by each Waste Carrier to haul away each type of waste including but not limited to:
- i. the type of vehicle (e.g., flatbed truck, tanker truck, containerized dumpster truck, etc.);

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- ii. names or markings on the vehicles; and

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

iii. the color of such vehicles.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

j. Identify all of each Waste Carrier's employees who collected Respondent's wastes.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

k. Indicate the ultimate disposal/recycling/treatment location for each type of waste.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly burdensome and broad and

is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- l. Provide all documents indicating the ultimate disposal/recycling/treatment location for each type of waste.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- m. Describe how Respondent managed pickups of each waste, including but not limited to:
 - i. the method for inventorying each type of waste;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- ii. the method for requesting each type of waste to be picked up;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- iii. the identity of (see Definitions) the waste carrier employee/agent contacted for pickup of each type of waste;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- iv. the amount paid or the rate paid for the pickup of each type of waste;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- v. the identity of (see Definitions) Respondent's employee who paid the bills; and

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- vi. the identity of (see Definitions) the individual (name or title) and company to whom Respondent sent the payment for pickup of each type of waste.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- n. Identify the individual or organization (i.e., the Respondent, the Waste Carrier, or, if neither, identify such other person) who selected the location where each of the Respondent's wastes were taken.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

- o. State the basis for and provide any documents supporting the answer to the previous question.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

DP&L has not discovered any evidence or indication of any hazardous substances generated by DP&L having been sent to the Site. DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L.

p. Describe all wastes disposed by Respondent into Respondent's drains including but not limited to:

i. the nature and chemical composition of each type of waste;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waiving these objections, DP&L responds as follows:

At DP&L's Service Center, located at 1900 Dryden Road, Dayton, Ohio, sanitary wastewater is discharged to the drains at that facility. These drains are connected to the City of Dayton's sanitary sewer system.

Trench drains are located inside the Transportation Building located at DP&L's Service Center. Liquids and sediments from the floor of the Transportation Building enter these trench drains, which are connected to an underground containment sump. The containment sump is pumped as needed, and any liquid or sediment removed from the containment sump is transported offsite for proper disposal.

ii. the dates on which those wastes were disposed;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waiving these objections, DP&L responds as follows:

At DP&L's Service Center, located at 1900 Dryden Road, Dayton, Ohio, sanitary wastewater is discharged to the drains at that facility. These drains are connected

to the City of Dayton's sanitary sewer system. Sanitary wastewater is discharged daily to these drains.

Trench drains are located inside the Transportation Building located at DP&L's Service Center. Liquids and sediments from the floor of the Transportation Building enter these trench drains, which are connected to an underground containment sump. The containment sump is pumped as needed, and any liquid or sediment removed from the containment sump is transported offsite for proper disposal.

iii. the approximate quantity of those wastes disposed by month and year;

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waiving these objections, DP&L responds as follows:

At DP&L's Service Center, located at 1900 Dryden Road, Dayton, Ohio, sanitary wastewater is discharged to the drains at that facility. These drains are connected to the City of Dayton's sanitary sewer system. Approximate quantity of the sanitary wastewater is unknown and not relevant to the SDDL.

Trench drains are located inside the Transportation Building located at DP&L's Service Center. Liquids and sediments from the floor of the Transportation Building enter these trench drains, which are connected to an underground containment sump. The containment sump is pumped as needed, and any liquid or sediment removed from the containment sump is transported offsite for proper disposal.

iv. the location to which these wastes drained (e.g. on-site septic system, on-site storage tank, pre- treatment plant, Publicly Owned Treatment Works (POTW), etc.); and

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waiving these objections, DP&L responds as follows:

At DP&L's Service Center, located at 1900 Dryden Road, Dayton, Ohio, sanitary wastewater is discharged to the drains at that facility. These drains are connected to the City of Dayton's sanitary sewer system.

Trench drains are located inside the Transportation Building located at DP&L's Service Center. Liquids and sediments from the floor of the Transportation Building enter these trench drains, which are connected to an underground containment sump. The containment sump is pumped as needed, and any liquid or sediment removed from the containment sump is transported offsite for proper disposal.

- v. whether and what pretreatment was provided.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waiving these objections, DP&L responds as follows:

At DP&L's Service Center, located at 1900 Dryden Road, Dayton, Ohio, sanitary wastewater is discharged to the drains at that facility. These drains are connected to the City of Dayton's sanitary sewer system. The sanitary wastewater is not pretreated prior to discharge.

Trench drains are located inside the Transportation Building located at DP&L's Service Center. Liquids and sediments from the floor of the Transportation Building enter these trench drains, which are connected to an underground containment sump. The containment sump is pumped as needed, and any liquid or sediment removed from the containment sump is transported offsite for proper disposal.

- q. Identify any sewage authority or treatment works to which Respondent's waste was sent.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

At DP&L's Service Center, located at 1900 Dryden Road, Dayton, Ohio, sanitary wastewater is discharged to the drains at that facility. These drains are connected to the City of Dayton's sanitary sewer system, which is connected to the City of Dayton's wastewater treatment plant.

- r. If not already provided, specify the dates and circumstances when Respondent's waste was taken to the SDDL Site, and identify the companies or individuals who brought Respondent's waste to the Site. Provide all documents which support or

memorialize your response.

Response:

DP&L used the Site to dispose of non-hazardous materials, including office waste, dirt, street spoil, construction debris, cinders, fly ash, etc. These non-hazardous materials were transported to SDDL in trucks owned and operated by DP&L. See also DP&L's 2002 104(e) Response, 2003 104(e) Response, and Second 2003 104(e) Response, and documents attached in Exhibit B of Attachment B. See also transcript of deposition of Charles Fields (current employee of DP&L), dated May 21, 2014, attached as Exhibit C in Attachment B, and transcript of deposition of John L. Davis (former employee of DP&L), dated September 12, 2013, attached as Exhibit D in Attachment B.

RESPONDENT'S ENVIRONMENTAL REPORTING:

Question 17. Provide all Resource Conservation and Recovery Act (RCRA) Identification Numbers issued to Respondent by EPA or a state for Respondent's operations.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

See Response to Question No. 11.

Question 18. Identify (see Definitions) all federal offices to which Respondent has sent or filed information about hazardous substance or hazardous waste.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

U.S. EPA

Question 19. State the years during which such information was sent/filed.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly burdensome and broad and is beyond the permissible scope of CERCLA § 104(e)(2).

Question 20. Identify (see Definitions) all state offices to which Respondent has sent or filed hazardous substance or hazardous waste information.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly broad, unduly burdensome, and is beyond the permissible scope of CERCLA § 104(e)(2). Subject to and without waving these objections, DP&L responds as follows:

Ohio EPA

Question 21. State the years during which such information was sent/filed.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly burdensome and broad and is beyond the permissible scope of CERCLA § 104(e)(2).

Question 22. List all federal and state environmental laws and regulations under which Respondent has reported to federal or state governments, including but not limited to: Toxic Substances Control Act, 15 U.S.C. Sections 2601 et seq., (TSCA); Emergency Planning and Community Right-to-Know Act, 42 U.S.C. Sections 1101 et seq., (EPCRA); and the Clean Water Act (the Water Pollution Prevention and Control Act), 33 U.S.C. Sections 1251 et seq.; Solid Waste and Infectious Waste Regulations, OAC 3745-27 (former rule EP-20); Licenses for Solid Waste, Infectious Waste Treatment, or Construction and Demolition Debris Facilities, OAC 3745-37 (former rule EP-33); Solid and Hazardous Wastes, ORC 3734-01 through 3734-11; Open Burning Standards, OAC 3745-19-03.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly burdensome and broad and is beyond the permissible scope of CERCLA § 104(e)(2).

Question 23. Identify the federal and state offices to which such information was sent.

Response:

DP&L objects to this request for information to the extent it requests information not related to the SDDL, on the bases that it is irrelevant, overly burdensome and broad and is beyond the permissible scope of CERCLA § 104(e)(2).

RCRA Activities
P.O. Box 7861
Chicago, Illinois 60680

Sent from 0277

Dear Sir:

Enclosed are completed 3010 Notification forms for two (2) facilities owned and operated by The Dayton Power and Light Company. These notifications are being submitted in accordance with Section 3010 of the Resource Conservation and Recovery Act (RCRA) 42 USC. 6930 in order to assure interim status for the facilities in the event hazardous waste activity is conducted at these sites after November 19, 1980.

The Company will be submitting Part A applications for RCRA permits for those sites identified as having hazardous waste storage, treatment or disposal facilities by November 19, 1980.

Sincerely,

Georgene A. Hall

ACKNOWLEDGEMENT OF NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

ACKNOWLEDGEMENT OF NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

EPA Region V
RCRA Activities
P.O. Box 7861
Chicago, Illinois 60680

Dear Sir:

Enclosed are completed 3010 Notification forms for twenty four (24) facilities owned and operated by The Dayton Power and Light Company. These notifications are being submitted in accordance with Section 3010 of the Resource Conservation and Recovery Act (RCRA) 42 U.S.C. 6930 in order to assure interim status for the facilities in the event hazardous waste activity is conducted at these sites after November 19, 1980.

The Company will be submitting Part A applications for RCRA permits for those sites identified as having hazardous waste storage, treatment or disposal facilities by November 19, 1980.

Sincerely,

Georgene A. Hall
Environmental Specialist

U.S. ENVIRONMENTAL PROTECTION AGENCY
NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

INSTRUCTIONS: If you received a preprinted label, affix it in the space at left. If any of the information on the label is incorrect, draw a line through it and supply the correct information in the appropriate section below. If the label is complete and correct, leave Items I, II, and III below blank. If you did not receive a preprinted label, complete all items. "Installation" means a single site where hazardous waste is generated, treated, stored and/or disposed of, or a transporter's principal place of business. Please refer to the **INSTRUCTIONS FOR FILING NOTIFICATION** before completing this form. The information requested herein is required by law (Section 3010 of the Resource Conservation and Recovery Act).

ACKNOWLEDGEMENT OF NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

NOTIFICATION

HAZARDOUS WASTE ACTIVITY

INSTRUCTIONS: If you received a preprinted label, affix it in the space at left. If any of the information on the label is incorrect, draw a line through it and supply the correct information in the appropriate section below. If the label is complete and correct, leave items I, II, and III below blank. If you did not receive a preprinted label, complete all items. "Installation" means a single site where hazardous waste is generated, treated, stored and/or disposed of, or a transporter's principal place of business. Please refer to the INSTRUCTIONS FOR FILING NOTIFICATION before completing this form. The information requested herein is required by law (Section 3010 of the Resource Conservation and Recovery Act).

PLEASE PLACE LABEL IN THIS SPACE

FOR OFFICIAL USE ONLY

U.S. ENVIRONMENTAL PROTECTION AGENCY NOTIFICATION OF HAZARDOUS WASTE ACTIVITY		INSTRUCTIONS: If you received a preprinted label, affix it in the space at left. If any of the information on the label is incorrect, draw a line through it and supply the correct information in the appropriate section below. If the label is complete and correct, leave Items I, II, and III below blank. If you did not receive a preprinted label, complete all items. "Installation" means a single site where hazardous waste is generated, treated, stored and/or disposed of, or a transporter's principal place of business. Please refer to the INSTRUCTIONS FOR FILING NOTIFICATION before completing this form. The information requested herein is required by law (Section 3010 of the Resource Conservation and Recovery Act).			
INSTALLATION'S EPA I.D. NO. I. NAME OF INSTALLATION II. INSTALLATION MAILING ADDRESS III. LOCATION OF INSTALLATION	PLEASE PLACE LABEL IN THIS SPACE				
FOR OFFICIAL USE ONLY

W											

IX. DESCRIPTION OF HAZARDOUS WASTES (continued from front)

A. HAZARDOUS WASTES FROM NON-SPECIFIC SOURCES. Enter the four-digit number from 40 CFR Part 261.31 for each listed hazardous waste from non-specific sources your installation handles. Use additional sheets if necessary.

1 F 0 1 7 25 - 30	2 25 - 30	3 25 - 30	4 25 - 30	5 25 - 30	6 25 - 30
7 25 - 30	8 25 - 30	9 25 - 30	10 25 - 30	11 25 - 30	12 25 - 30

B. HAZARDOUS WASTES FROM SPECIFIC SOURCES. Enter the four-digit number from 40 CFR Part 261.32 for each listed hazardous waste from specific industrial sources your installation handles. Use additional sheets if necessary.

ACKNOWLEDGEMENT OF NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

Mark "X" in the appropriate box to indicate whether this is your installation's first notification of hazardous waste activity or a subsequent notification. If this is not your first notification, enter your installation's EPA I.D. Number in the space provided below.

☒ **A. FIRST NOTIFICATION** ☐ **B. SUBSEQUENT NOTIFICATION (complete item C)**

IX. DESCRIPTION OF HAZARDOUS WASTES

Please go to the reverse of this form and provide the requested information.

LD. - FOR OFFICIAL USE ONLY									
W									

IX. DESCRIPTION OF HAZARDOUS WASTES (continued from front)

A. HAZARDOUS WASTES FROM NON-SPECIFIC SOURCES. Enter the four-digit number from 40 CFR Part 261.31 for each listed hazardous waste from non-specific sources your installation handles. Use additional sheets if necessary.

1 F 0 0 1	2 F 0 1 7	3	4	5	6
7	8	9	10	11	12

B. HAZARDOUS WASTES FROM SPECIFIC SOURCES. Enter the four-digit number from 40 CFR Part 261.32 for each listed hazardous waste from specific industrial sources your installation handles. Use additional sheets if necessary.

13	14	15	16	17	18
19	20	21	22	23	24
25	26	27	28	29	30

C. COMMERCIAL CHEMICAL PRODUCT HAZARDOUS WASTES. Enter the four-digit number from 40 CFR Part 261.33 for each chemical substance your installation handles which may be a hazardous waste. Use additional sheets if necessary.

31	32	33	34	35	36
37	38	39	40	41	42
43	44	45	46	47	48

D. LISTED INFECTIOUS WASTES. Enter the four-digit number from 40 CFR Part 261.34 for each listed hazardous waste from hospitals, veterinary hospitals, medical and research laboratories your installation handles. Use additional sheets if necessary.

49	50	51	52	53	54
----	----	----	----	----	----

E. CHARACTERISTICS OF NON-LISTED HAZARDOUS WASTES. Mark "X" in the boxes corresponding to the characteristics of non-listed hazardous wastes your installation handles. (See 40 CFR Parts 261.21 - 261.24.)

☒ 1. IGNITABLE (D001)
 ☒ 2. CORROSIVE (D002)
 ☐ 3. REACTIVE (D003)
 ☒ 4. TOXIC (D004)

X. CERTIFICATION

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

IX. DESCRIPTION OF HAZARDOUS WASTES (continued from front)

A. HAZARDOUS WASTES FROM NON-SPECIFIC SOURCES. Enter the four-digit number from 40 CFR Part 261.31 for each listed hazardous waste from non-specific sources your installation handles. Use additional sheets if necessary.

1 F 0 0 1 25 - 30	2 F 0 0 3 25 - 30	3 F 0 0 5 25 - 30	4 F 0 1 7 25 - 30	5 F 0 0 2 25 - 30	6 F 0 0 4 25 - 30
7	8	9	10	11	12

B. HAZARDOUS WASTES FROM SPECIFIC SOURCES. Enter the four-digit number from 40 CFR Part 261.32 for each listed hazardous waste from specific industrial sources your installation handles. Use additional sheets if necessary.

13	14	15	16	17	18
19	20	21	22	23	24
25	26	27	28	29	30

C. COMMERCIAL CHEMICAL PRODUCT HAZARDOUS WASTES. Enter the four-digit number from 40 CFR Part 261.33 for each chemical substance your installation handles which may be a hazardous waste. Use additional sheets if necessary.

31	32	33	34	35	36
37	38	39	40	41	42
43	44	45	46	47	48

D. LISTED INFECTIOUS WASTES. Enter the four-digit number from 40 CFR Part 261.34 for each listed hazardous waste from hospitals, veterinary hospitals, medical and research laboratories your installation handles. Use additional sheets if necessary.

49	50	51	52	53	54

E. CHARACTERISTICS OF NON-LISTED HAZARDOUS WASTES. Mark "X" in the boxes corresponding to the characteristics of non-listed hazardous wastes your installation handles. (See 40 CFR Parts 261.21 - 261.24.)

☒ 1. IGNITABLE
(D001)

☒ 2. CORROSIVE
(D002)

☒ 3. REACTIVE
(D003)

☒ 4. TOXIC
(D006)

X. CERTIFICATION

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

EPA Form 8700-12 (8-80) REVERSE

ACKNOWLEDGEMENT OF NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

Form 14-11-17-42

OFFICE INFORMATION

The Dayton Power and Light Company

Date 4-12-72

To: Mr. Ron Wheeler

SUBJECT: South Dayton Dump

Attached are receipts for four (4) truck loads of spoil dirt.

On April 6, 1972 it was necessary for us to rent a dump truck, in conjunction to excavating work on one of our projects. The operator, at the South Dayton Dump, would not permit the use of our blanket purchase order for dumping, with a non-company marked dump truck.

He claims that he has no way of verifying whether or not a truck is in hire of the Dayton Power & Light.

He issued these receipts as a cross check and intends to send a separate bill to you for the dumping of these four (4) loads. He, also insinuated that, perhaps we were dumping more material at his dump than what was originally agreed upon under the existing arrangements. He reasons this, because it was necessary for us to rent a truck, because we did not have enough trucks, of our own, to haul away the dirt that was necessary.

RRH/mr
Attach.

Robert R. Hipp

1 CHARLES L. FIELDS
2 of lawful age, Witness herein, having been first
3 duly cautioned and sworn, as hereinafter
4 certified, was examined and said as follows:

5 CROSS-EXAMINATION

6 BY MR. SILVER:

7 Q. Good morning, Mr. Fields. My name
8 is Larry Silver. I'm an attorney and I
9 represent three companies, Hobart, NCR, and
10 TRW. We're involved in a cleanup at the South
11 Dayton Dump & Landfill in Moraine, Ohio.

12 I'm going to ask you some questions
13 about your employment during the time you've been
14 working for DP&L. I understand you're still an
15 employee of DP&L?

16 A. Yes, sir.

17 Q. And can you tell me what your
18 address is, please?

19 A. **NON-**

20 Q. In Dayton?

21 A. Dayton.

22 Q. So what we're going to do is we're
23 going to have sort of a question-and-answer
24 period. I'm going to ask you questions. I'm
25 going to ask you to answer the questions. And

Page 7

1 they'll be sequentially. I'll ask you, you
2 answer, then I'll follow-up with more
3 questions. Other attorneys may have a chance
4 to ask you questions as well if they would like
5 after I've finished.

6 Have you ever been in a situation
7 like this before?

8 MR. SHARETT: Objection. Do you mean
9 deposited before?

10 MR. SILVER: Yeah. That's what I
11 meant.

12 MR. SHARETT: It was unclear. So --
13 THE WITNESS: No.

14 Q. Have you ever testified in court
15 before?

16 A. No.

17 Q. So this is new -- all new to you,
18 this kind of a question-and-answer period?

19 A. True. Yes.

20 Q. Well, one of the important things
21 for the court reporter is that you answer your
22 questions out loud, even a yes or no answer.
23 She will be putting everything down. And if
24 you -- if you just shake your head, she may
25 miss it. So can you remember to answer your

Page 8

1 questions out loud?

2 A. Yes, sir.

3 Q. That was a test. Some of these
4 questions you may not know the answer to. It's
5 okay that if you don't know, just say you don't
6 know. If you don't remember something, that's
7 totally acceptable.

8 I may not be clear about my question.
9 That would be my fault. If you don't understand
10 my question, just ask me to clarify it and I will
11 do so, repeat it or rephrase it.

12 A. Yes.

13 Q. If you don't hear it, just ask me
14 to say it again. And it's okay to ask for
15 breaks. I don't think this is going to go too
16 long; but for whatever reason, if you need a
17 break, just let us know.

18 A. Yes.

19 Q. Tell me, what's your date of
20 birth.

21 A. **NON-**

22 Q. That would make you about a few
23 years older than me. Okay. And let me --
24 where did you go to school?

25 A. Here in Ohio.

Page 9

3 (Pages 6 to 9)

Mike Mobley Reporting
(800) 894-4327

1 Q. Were you born in Ohio?
2 A. No.
3 Q. Go ahead. Where were you born?
4 A. **NON-**
5 Q. Did you move to Ohio at some
6 point?
7 A. Six years of age.
8 Q. Where did you move to in Ohio?
9 Dayton?
10 A. Dayton. Uh-huh.
11 Q. And went to school in Dayton?
12 A. Yes.
13 Q. Where did you go?
14 A. **NON-**
15 Q. And then where after that?
16 A. **NON-**
17 Q. Okay. **NON-** High
18 School?
19 A. Uh-huh.
20 Q. After high school, what did you
21 do?
22 A. Employed at DP&L.
23 Q. First job?
24 A. First job.
25 Q. Last job?

Page 10

1 A. Still got it.
2 Q. Okay. What year was that?
3 A. '62.
4 Q. So you've been at DP&L from 1962
5 till 2014. That sounds like fifty-two years to
6 me.
7 A. Yes.
8 Q. Okay. That's great. And what's
9 your job duties as of now?
10 A. AC network technician.
11 Q. Can you -- can you tell me what
12 that means?
13 A. Install cable and remove cable in
14 underground section.
15 Q. And AC means what?
16 A. Network system. AC.
17 Q. AC is a network system?
18 A. Yeah. Network System. Downtown.
19 Yeah.
20 Q. And -- and does -- the installing
21 of cables underground you said?
22 A. Yes.
23 Q. All over the Dayton area?
24 A. All over.
25 Q. Do you work full-time now?

Page 11

1 A. Yes.
2 Q. So when you started at DP&L, what
3 was your first job?
4 A. Janitorial.
5 Q. And how long did you have the
6 janitorial job?
7 A. I'd say five years.
8 Q. About five?
9 A. Uh-huh.
10 Q. And tell me what -- where you were
11 stationed as a janitor?
12 A. Main Street at the gas -- G&E
13 building, gas and electric building.
14 Q. And were you there the entire five
15 years from '62 to '67?
16 A. No. I left and went to Longworth
17 Street.
18 Q. Is that in '67 you left for
19 Longworth?
20 A. '65.
21 Q. When you got to Longworth, did you
22 start off as a janitor there?
23 A. Yes.
24 Q. I see. For a couple years?
25 A. Maybe a year.

Page 12

1 Q. Tell me a little bit about your
2 job duties as janitor at the G&E building on
3 Main Street?
4 A. Sweeping, dusting, taking out
5 trash, cleaning the restrooms. Regular --
6 Q. And was it similar at Longworth as
7 a janitor?
8 A. Yes. A little more dirtier,
9 though.
10 Q. Tell me about that?
11 A. It was just a power plant. It was
12 just dirty. A lot of dust flying all the time.
13 Wipe it up and come back.
14 Q. So you said you did sweeping at
15 Longworth?
16 A. Yes.
17 Q. Dusting?
18 A. Yes.
19 Q. Mopping floors?
20 A. Yes.
21 Q. Collecting the trash?
22 A. Yes.
23 Q. When you collected trash, where
24 did you pick up the trash from? All over the
25 plant?

Page 13

4 (Pages 10 to 13)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000095

<p>1 A. All over the plant.</p> <p>2 Q. Tell me a little bit about the</p> <p>3 plant. What did it have in there?</p> <p>4 A. Not that I knew much about that.</p> <p>5 It was just boilers, big furnaces.</p> <p>6 Q. Say that again. I didn't hear</p> <p>7 you.</p> <p>8 A. It was boilers, furnace, you know,</p> <p>9 I guess they processed the coal.</p> <p>10 Q. Processed coal. You used some</p> <p>11 words I didn't understand, boiler?</p> <p>12 A. A boiler. It was a boiler.</p> <p>13 That's what they call them, a boiler.</p> <p>14 Q. What's a boiler?</p> <p>15 A. Boiler. Steam water. To make</p> <p>16 water out of it.</p> <p>17 Q. A boiler.</p> <p>18 A. A boiler. Yeah.</p> <p>19 Q. Was there a cafeteria there?</p> <p>20 A. No.</p> <p>21 Q. Was there an office?</p> <p>22 A. Yes.</p> <p>23 Q. How big was the office? How many</p> <p>24 rooms?</p> <p>25 A. Oh, it was two rooms.</p> <p style="text-align: right;">Page 14</p>	<p>1 A. Yes, sir.</p> <p>2 MR. SHARETT: Objection. Objection.</p> <p>3 You can answer.</p> <p>4 Q. He already answered. You're doing</p> <p>5 fine. Don't worry. He's allowed to object.</p> <p>6 So you would pick up trash. How</p> <p>7 would you get it to the dumpster? Would you have</p> <p>8 a truck or carry it by yourself?</p> <p>9 MR. SHARETT: Objection to the form</p> <p>10 of the question.</p> <p>11 Q. Go ahead. You can answer.</p> <p>12 A. Just put it in a trash bag and</p> <p>13 dump it in the dumpster.</p> <p>14 Q. And that was a daily job for you</p> <p>15 when you were a janitor at Longworth?</p> <p>16 A. Yes.</p> <p>17 Q. I'm going to ask a lot of</p> <p>18 questions about trash and how things got to</p> <p>19 where they went. So just go ahead and answer</p> <p>20 the best you can.</p> <p>21 And when you were at Longworth as a</p> <p>22 janitor for those couple years or year, how did</p> <p>23 the -- do you know how the dumpster was emptied?</p> <p>24 A. No.</p> <p>25 Q. Do you know who --</p> <p style="text-align: right;">Page 16</p>
<p>1 Q. Okay. And there were bathrooms?</p> <p>2 A. Yes.</p> <p>3 Q. Were there -- I suppose there were</p> <p>4 receptacles for trash in the office?</p> <p>5 A. Trash cans.</p> <p>6 Q. Also in the bathroom?</p> <p>7 A. Yes.</p> <p>8 Q. Where else were there trash cans</p> <p>9 around Longworth?</p> <p>10 A. All over the plant. Operator's</p> <p>11 table. Just station -- just trash cans.</p> <p>12 Q. What kind of stuff went into the</p> <p>13 trash cans at Longworth?</p> <p>14 A. Paper towels, cups, everything.</p> <p>15 Q. General trash?</p> <p>16 A. General trash.</p> <p>17 Q. Then when you picked up the trash</p> <p>18 cans, where did you put it, into another</p> <p>19 receptacle?</p> <p>20 A. Put it into a dumpster.</p> <p>21 Q. Where was the dumpster located?</p> <p>22 A. Outside.</p> <p>23 Q. And that was your typical pattern</p> <p>24 when you were working as a janitor at</p> <p>25 Longworth?</p> <p style="text-align: right;">Page 15</p>	<p>1 A. I wasn't --</p> <p>2 Q. Go ahead.</p> <p>3 A. I wasn't concerned.</p> <p>4 Q. That's not something you were</p> <p>5 aware of?</p> <p>6 A. No.</p> <p>7 Q. Do you know if somebody came by in</p> <p>8 a truck to pick up the dumpster?</p> <p>9 A. No.</p> <p>10 Q. Really?</p> <p>11 A. Well, probably did, but I didn't</p> <p>12 pay no attention to it. I was just doing my</p> <p>13 duties.</p> <p>14 (Thereupon, an off-the-record</p> <p>15 discussion was had.)</p> <p>16 Q. Now, when you -- at some point,</p> <p>17 you moved from the janitor position at</p> <p>18 Longworth to some other position, right?</p> <p>19 A. Correct.</p> <p>20 Q. What was that?</p> <p>21 A. Truck driver.</p> <p>22 Q. How did it -- how did it happen</p> <p>23 that you became the truck driver?</p> <p>24 A. The other gentleman retired and</p> <p>25 there was an opening in the plant and it was a</p> <p style="text-align: right;">Page 17</p>

5 (Pages 14 to 17)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000096

<p>1 process of being on the property, you had first</p> <p>2 pick of the jobs --</p> <p>3 Q. Okay.</p> <p>4 A. -- besides going outside the</p> <p>5 company.</p> <p>6 Q. Do you remember the name of the</p> <p>7 gentleman that retired from truck driver?</p> <p>8 A. Mr. Thomas. Herring Thomas.</p> <p>9 Q. Do you have an understanding how</p> <p>10 long he had the job as truck driver?</p> <p>11 A. He must have been there as long as</p> <p>12 I been there. I guess. He was an older</p> <p>13 gentleman.</p> <p>14 Q. That's why he retired?</p> <p>15 A. Right.</p> <p>16 Q. So I'm guessing he's no longer</p> <p>17 alive?</p> <p>18 A. No. No.</p> <p>19 Q. You know he's passed away?</p> <p>20 A. Yes, sir.</p> <p>21 Q. And so you became -- did he train</p> <p>22 you?</p> <p>23 A. Yes.</p> <p>24 Q. And what did he train you? What</p> <p>25 was the process of training you?</p> <p style="text-align: right;">Page 18</p>	<p>1 A. Yes.</p> <p>2 Q. Is that the DP&L service building?</p> <p>3 A. Yes.</p> <p>4 Q. So the Broadway Dump was right</p> <p>5 across the street from the DP&L service</p> <p>6 building?</p> <p>7 A. Yes.</p> <p>8 Q. And Mr. Thomas, did he take you</p> <p>9 down to the Broadway Dump to show it to you?</p> <p>10 A. Yes.</p> <p>11 Q. In the truck?</p> <p>12 A. Yes.</p> <p>13 Q. Can you describe the truck that</p> <p>14 Mr. Thomas drove you in?</p> <p>15 A. A tandem wheeled dump truck. A</p> <p>16 real large dump truck with a dump bed on the</p> <p>17 back of it. GMC.</p> <p>18 Q. A GMC tandem wheeled dump truck?</p> <p>19 A. Uh-huh.</p> <p>20 Q. Do you know what the tonnage was?</p> <p>21 A. Not right off. It was all green</p> <p>22 to me. I was just coming from -- no.</p> <p>23 Q. Did you learn at some point what</p> <p>24 the tonnage was?</p> <p>25 A. Didn't stay long enough.</p> <p style="text-align: right;">Page 20</p>
<p>1 A. The location of the dump and the</p> <p>2 process of getting the flash out of the</p> <p>3 conveyor.</p> <p>4 Q. Okay. And what dump did he -- did</p> <p>5 he show you?</p> <p>6 A. The Broadway Dump. South Dayton,</p> <p>7 I guess.</p> <p>8 Q. Broadway Dump and South Dayton</p> <p>9 Dump, in your mind, are the same?</p> <p>10 A. As far as I recollect, I think</p> <p>11 they are.</p> <p>12 Q. And you used to call it the</p> <p>13 Broadway Dump?</p> <p>14 A. Uh-huh.</p> <p>15 Q. Is that right?</p> <p>16 A. I guess that's -- that's the</p> <p>17 terminology they told me it was.</p> <p>18 Q. Okay. And where was the Broadway</p> <p>19 Dump?</p> <p>20 A. On Dryden Road.</p> <p>21 Q. Where on Dryden Road?</p> <p>22 A. It must be 1800 Dryden Road</p> <p>23 because I'm at 1900 Dryden Road, right across</p> <p>24 the street from where I'm at now.</p> <p>25 Q. You're at 1900 Dryden Road?</p> <p style="text-align: right;">Page 19</p>	<p>1 Q. Approximately? Do you have an</p> <p>2 approximation of the tonnage?</p> <p>3 MR. SHARETT: Objection. He's asked</p> <p>4 and answered that question.</p> <p>5 MR. SILVER: No. This is the first</p> <p>6 time I asked for an approximation.</p> <p>7 MR. SHARETT: Objection to the form</p> <p>8 of the question.</p> <p>9 MR. SILVER: I understand your</p> <p>10 objection.</p> <p>11 Q. Approximation of the tonnage of</p> <p>12 the truck?</p> <p>13 A. Four tons.</p> <p>14 Q. Four tons?</p> <p>15 A. Maybe. Uh-huh.</p> <p>16 Q. Now, what color was it, did you</p> <p>17 say? I thought I heard you say something, but</p> <p>18 I wasn't sure.</p> <p>19 A. Some Army green. It was an ugly</p> <p>20 color DP&L had at the time. It was camouflage</p> <p>21 like military vehicles used to be. Very ugly</p> <p>22 color.</p> <p>23 Q. And you said that DP&L had at the</p> <p>24 time. Did DP&L have other vehicles of the same</p> <p>25 color?</p> <p style="text-align: right;">Page 21</p>

6 (Pages 18 to 21)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000097

1 A. Yes.
 2 Q. Was it your understanding that
 3 that was the color that DP&L used for its
 4 vehicles?
 5 A. Yes.
 6 Q. This would have been about 1965?
 7 A. '65, '66.
 8 Q. Did the particular dump truck that
 9 Mr. Thomas drove you in have any insignia on
 10 it?
 11 A. A logo.
 12 Q. And what was the logo?
 13 A. Like a little V with a circle. It
 14 had Dayton Power and Light Company written on
 15 the outside, if I remember correctly. It was a
 16 little round logo.
 17 Q. Do you think if I asked you to
 18 draw it, you could do so?
 19 A. I could scribble down something.
 20 Q. I'll give you a little piece of
 21 yellow lined paper and a pen and ask you to
 22 draw the logo for me.
 23 A. (Witness complies with request.)
 24 Similar to that.
 25 MR. SILVER: We're going to mark this

Page 22

1 as Fields Exhibit 1. I'll ask the court reporter
 2 to do that.
 3 (Thereupon, Fields Exhibit Number 1
 4 was marked for purposes of identification.)
 5 (Thereupon, an off-the-record
 6 discussion was had.)
 7 Q. Okay. Mr. Fields, I'm putting in
 8 front of you your drawing which we marked as
 9 Exhibit 1. What part of the truck that we've
 10 been discussing was the -- was this logo?
 11 A. On the door.
 12 Q. On the driver's door?
 13 A. Driver's door.
 14 Q. Was it also on the passenger door?
 15 A. Yes.
 16 Q. Both?
 17 A. Yes.
 18 Q. Any other place on the truck?
 19 A. No.
 20 Q. The rest of that truck was sort of
 21 that Army camouflage green?
 22 A. Yeah. It had a truck number on
 23 it, but I don't remember the truck number.
 24 Q. Now, after Mr. Thomas drove you to
 25 the Broadway Dump in the truck, did he also

Page 23

1 train you on how to drive the truck?
 2 A. Correct.
 3 Q. Was it the same truck that we've
 4 been discussing that he drove the next year or
 5 so or two at -- for Longworth?
 6 A. Yes.
 7 Q. Okay. So that became your truck?
 8 A. Correct.
 9 Q. Did anyone else drive the truck
 10 while you -- while you had it after Mr. Thomas
 11 trained you?
 12 A. No, sir. It was all me.
 13 Q. During the time --
 14 A. During the time I was at
 15 Longworth.
 16 Q. While we're on the subject, who
 17 did you hand it off to? Who was the next
 18 driver?
 19 A. It was an Nathaniel Williams.
 20 Q. Nathaniel Williams?
 21 A. Uh-huh.
 22 Q. Do you know how long -- do you
 23 happen to know how long he drove the truck?
 24 A. He didn't stay long. He followed
 25 me after I left because we all wanted to get

Page 24

1 out of the power plant.
 2 Q. He didn't stay long after you --
 3 A. Uh-huh.
 4 MR. SHARETT: Wait until he's
 5 finished asking the question.
 6 Q. He's right. We're supposed to
 7 take turns. I forgot to even mention this at
 8 the beginning. We should wait until I finish
 9 and then you start and then I'll wait for you
 10 to finish and then I'll go again. That makes
 11 it easier for her.
 12 Do you remember any other drivers
 13 who drove the Longworth truck that we've been
 14 talking about?
 15 A. Not that I can recall. Nope.
 16 Q. How about a John Davis?
 17 A. He worked there. But I don't
 18 know --
 19 Q. You remember him working at
 20 Longworth?
 21 A. Yeah. I remember.
 22 Q. But you don't remember him driving
 23 the truck?
 24 A. No.
 25 Q. Do you know the name Ed Jackson?

Page 25

7 (Pages 22 to 25)

Mike Mobley Reporting
 (800) 894-4327

1 A. Ed Jackson. I remember an Ed
2 Taylor but not an Ed Jackson.
3 Q. You remember an Ed Taylor but not
4 an Ed Jackson?
5 A. Ed Jackson.
6 Q. Who was Ed Taylor?
7 A. He was a -- worked at the plant.
8 Q. At Longworth or --
9 A. No, at Longworth. That was the
10 only Ed I knew at the plant.
11 Q. Okay. Got it. Did you have a
12 supervisor at Longworth while you were a
13 janitor?
14 A. Yes.
15 Q. And who's your supervisor?
16 A. I'm getting my foremens mixed up.
17 I want to say it was a -- Mr. Webster was the
18 superintendent, I think.
19 Q. Do you remember his first name?
20 A. No, sir. I got a visual on him,
21 but I can't remember his name.
22 Q. What about the foremens? Do you
23 remember any of the foremen's names?
24 A. Ted Gillespie. I might be
25 pronouncing it wrong.

Page 26

1 Q. Gillespie?
2 A. Gillespie.
3 Q. Does that sound right?
4 A. Yeah. It was a funny last name.
5 Q. Okay. Do you remember a Paul
6 Reaneke?
7 A. Yes, sir. That name -- yes.
8 Q. Was he one of your supervisors?
9 A. Yes, sir.
10 Q. What was his role, if you can
11 recall?
12 A. I think he was over the plant.
13 Q. Over the whole plant, Longworth?
14 A. I think he was a foreman over the
15 plant.
16 Q. Do you remember a David
17 Shellhouse?
18 A. Yes.
19 Q. And what was his position?
20 A. I think he was an operator.
21 Q. What is an operator?
22 A. Took care of making the -- you
23 know, up on the operator's floor. He was an
24 operator.
25 Q. This was somebody who operated

Page 27

1 the -- was in the control room. Was there a
2 control room? What would it have been?
3 A. There was like a desk where they
4 had a lot of panels, and he was just an
5 operator.
6 Q. All right. So I'm interested in
7 talking about you driving the dump truck that
8 we've been discussing. Tell me what your daily
9 routine was while you were driving the dump
10 truck for Longworth.
11 A. Like my procedure in the morning?
12 Q. Yeah. Just pretty much what you
13 did. You got to work. Until you left work,
14 give me sort of a summary of what you did on a
15 daily basis.
16 A. Fired the truck up, check it out,
17 make sure it was operable to do my job. Load
18 up, take it to the Broadway Dump, dump it,
19 empty it, drive it back, fill it back up again,
20 take it back down to Broadway, dump it. At the
21 end of the day, cleaned it up, rinsed it down.
22 That was it.
23 Q. Okay. And how many times a day
24 typically did you fill the truck up and drive
25 it to Broadway?

Page 28

1 A. Average five to -- four to five
2 times a day.
3 Q. And did you work weekdays?
4 A. No.
5 Q. What was your shift?
6 A. I thought it was 7:00 to 3:30, if
7 I remember correctly. It may have been 7:30
8 to -- I know I got off at 3:30. 7:00 to 3:30.
9 Q. 7:00 a.m. to 3:30 p.m.?
10 A. Yes.
11 Q. What days?
12 A. Monday through Friday.
13 Q. Oh, so did you work weekdays? You
14 worked during the weekdays, not the weekend?
15 A. No weekends.
16 Q. Okay. I just wanted to clarify
17 that. Did anyone else drive the truck on the
18 weekends?
19 A. Nope.
20 Q. So all of the fly ash hauling by
21 you was weekdays?
22 A. Weekdays.
23 Q. And while you worked there, all of
24 the fly ash hauling was just on the weekdays by
25 you?

Page 29

8 (Pages 26 to 29)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000099

1 A. Correct.
 2 Q. You didn't have a substitute
 3 driver?
 4 A. No.
 5 Q. What about when you went on
 6 vacation?
 7 A. It wasn't no problem of mine. I
 8 guess they had a substitute, I guess, but I
 9 didn't know who.
 10 Q. At this point, you don't remember
 11 who that was?
 12 A. No.
 13 Q. All right. You told me, you
 14 mentioned that part of this routine was
 15 loading. Can you describe how you loaded the
 16 truck or how the truck was loaded, I guess, is
 17 the better way because I'm not -- tell me who
 18 was involved and what happened?
 19 A. I wasn't involved. There was this
 20 conveyor and it was a mixture of the fly ash
 21 coming out from the chute and you blend it with
 22 water so it wouldn't be all that dusty and
 23 flaky and you make a process and you would mix
 24 it up and deliver it to the dump.
 25 Q. Who was involved in that process?

Page 30

1 A. Just myself.
 2 Q. You could do it all by yourself?
 3 A. All by myself.
 4 Q. There wasn't somebody else working
 5 the conveyor belt?
 6 A. No, sir. You had the gauges and
 7 the little levers and you just set them and you
 8 go about your day.
 9 Q. And what were the gauges?
 10 A. Antique. Very old.
 11 Q. What were the gauges measuring?
 12 A. They had a screw-on valve for the
 13 water mixture to come in, and then there was a
 14 lever and you would get a blend coming in, like
 15 making flour, making a dough. That was the
 16 procedure.
 17 Q. You did the blending itself for
 18 the loads that went into your truck?
 19 A. Correct.
 20 Q. And what was the goal of the
 21 blending? What sort of consistency were you
 22 looking for?
 23 A. Not a slop, not a juice, but a
 24 nice solid blend.
 25 Q. And what went into the blend was

Page 31

1 fly ash and water?
 2 A. And water.
 3 Q. Anything else?
 4 A. No. Not to my knowing.
 5 Q. Did any other kind of material go
 6 into your truck other than the fly ash water
 7 blend?
 8 A. Not in my time.
 9 Q. All right. Now, what was your
 10 route from Longworth to the Broadway dump?
 11 A. Do you know where Chaminade chapel
 12 Julianne High School is at on Ludlow Street?
 13 Q. Yes, I do.
 14 A. You went out the gate. I want to
 15 say that's Franklin Street, Franklin down to
 16 Ludlow Street, headed south down to Patterson
 17 Road. I went down Patterson by Carillon Bells,
 18 make that right turn by the bells, go through
 19 the 75 underpass and hit Dryden Road, make a
 20 right turn on Dryden Road and a left turn to
 21 the dump.
 22 Q. Let me show you -- let's show you
 23 this first. Make this as Exhibit 2.
 24 (Thereupon, Fields Exhibit Number 2
 25 was marked for purposes of identification.)

Page 32

1 Q. The same thing we put in front of
 2 you is Exhibit 2, Mr. Fields. Does this
 3 building look familiar to you?
 4 A. I guess.
 5 Q. Can you identify it for me?
 6 A. Well, Ray Charles might do better
 7 than me, but --
 8 MR. SHARETT: I don't want you
 9 guessing. Only if you know.
 10 THE WITNESS: This is the structure
 11 that was there.
 12 Q. What structure are you referring
 13 to?
 14 A. Longworth Street. Steam plant.
 15 Q. That's the steam plant where you
 16 worked? It's a little dark so it's not --
 17 A. A lot dark.
 18 Q. Yeah. I just pulled this off the
 19 Internet. That's how I got it. Somebody had
 20 put a picture of it on the Internet so I just
 21 wanted to see if it looked familiar to you.
 22 Now, we were talking about your
 23 route to the Broadway Dump. I'm going to show
 24 you an aerial photograph we will mark as
 25 Exhibit 3.

Page 33

9 (Pages 30 to 33)

Mike Mobley Reporting
 (800) 894-4327

DPL2USEPA-JAN2015-000100

1 (Thereupon, Fields Exhibit Number 3
2 was marked for purposes of identification.)
3 Q. Charles, here's the one with the
4 actual exhibit mark. Take a look at it and let
5 me know if you can recognize -- recognize what
6 you're looking at.
7 A. Yeah. I guess that's an aerial
8 shot.
9 Q. Do you recognize the white
10 building right next to where it says Dryden
11 Road in the photograph?
12 A. Yes.
13 Q. Can you identify that building for
14 me?
15 A. It should be the service building.
16 Q. DP&L service building?
17 A. 1900.
18 Q. 1900 Dryden?
19 A. Should be.
20 Q. That's where you work now --
21 A. Correct.
22 Q. -- correct?
23 MR. SHARETT: Wait until he's
24 finished asking the question before you answer.
25 THE WITNESS: Sorry.

Page 34

1 Q. Do you see where Dryden Road is on
2 this map?
3 A. Yes.
4 Q. Can you identify for me where the
5 Broadway Dump is?
6 A. I want to say -- see the white
7 building by the other building?
8 Q. I'm going to come around, if it's
9 okay with Anthony.
10 A. See where this white building,
11 this building was at --
12 Q. Uh-huh.
13 A. -- I want to say it's in the back
14 here, right in that area (indicating).
15 Q. Okay. We're going to need you to
16 draw on that and point out where --
17 A. I never saw an aerial shot before
18 so --
19 Q. You're doing the best you can,
20 right?
21 A. Uh-huh.
22 Q. Why don't you mark -- put an X on
23 the white building that you referred to.
24 A. (Witness complies with request.)
25 Q. And put a circle around it.

Page 35

1 A. (Witness complies with request.)
2 Q. Now show me where you think the --
3 well, let's ask it this way. Do you have an
4 understanding of where you entered the dump off
5 of Dryden Road when you were driving the dump
6 truck?
7 A. Is this an up-to-date picture?
8 Q. I believe so.
9 A. I don't think this building was
10 there. So it had to be right in this vicinity
11 here (indicating).
12 Q. Well, to the best of your
13 understanding, why don't you draw in where you
14 believe you entered off of Dryden Road. Put
15 enter. Maybe draw a circle and then put enter.
16 A. (Witness complies with request.)
17 Q. You drew an arrow and you wrote
18 enter?
19 A. Uh-huh.
20 Q. And then you drew an arrow. Is
21 the arrow the direction in which you drove into
22 the dump, to the best of your understanding?
23 A. Yes, sir.
24 Q. Now, when you drove into the dump,
25 tell me what happened when you were bringing

Page 36

1 the dump truck into the dump.
2 A. I waited till the man told me
3 where to go.
4 Q. So you met a man. You saw a man
5 there?
6 A. Yeah.
7 Q. Who did you see?
8 A. There was two brothers that used
9 to work there. He would spot me, he asked me
10 what I had on the truck, and I'd tell him, then
11 he would show me where to dump.
12 Q. So when he asked you what you had
13 on the truck, what did you tell him?
14 A. What I had.
15 Q. Excuse me?
16 A. Fly ash.
17 Q. And you mentioned two brothers.
18 Do you remember the name of the two brothers?
19 A. The one was Kenny. But I can't
20 remember. Bud and Kenny. I want to say Bud
21 and Kenny sound familiar.
22 Q. One was Kenny, and the other one
23 was --
24 A. Bud. I want to say. My
25 recollection. That was many years ago.

Page 37

10 (Pages 34 to 37)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000101

<p>1 Q. Almost fifty. Tell me -- I'm</p> <p>2 going to throw a last name out to you and let</p> <p>3 me know if that rings a bell. Grillot? Does</p> <p>4 the name Grillot mean anything to you?</p> <p>5 A. No.</p> <p>6 Q. Now, do you remember one of the</p> <p>7 two men having been the mayor of Moraine?</p> <p>8 A. Yes.</p> <p>9 Q. How do you happen to remember</p> <p>10 that?</p> <p>11 A. Because he told me.</p> <p>12 Q. One of them told you that?</p> <p>13 A. No. One of the other -- just --</p> <p>14 that was their routine. The two brothers owned</p> <p>15 that lot over there.</p> <p>16 Q. But what about the mayor of</p> <p>17 Moraine, where did that come from?</p> <p>18 A. That's what Mr. Thomas told me,</p> <p>19 that he was the mayor of Moraine.</p> <p>20 Q. Oh, all right. So one of the --</p> <p>21 you would meet these two men, Kenny and Bud, at</p> <p>22 the dump?</p> <p>23 A. They was there.</p> <p>24 Q. And one of them would tell you</p> <p>25 where to dump the fly ash?</p> <p style="text-align: right;">Page 38</p>	<p>1 Q. Dump your load and then leave?</p> <p>2 A. Yes.</p> <p>3 Q. And that would be four to five</p> <p>4 times a day, you said?</p> <p>5 A. On an average.</p> <p>6 Q. Could be more?</p> <p>7 A. Not really. It was about routine.</p> <p>8 Four to five.</p> <p>9 Q. Okay. Was there a gate to the</p> <p>10 dump?</p> <p>11 A. I guess there was.</p> <p>12 Q. Do you remember a gate?</p> <p>13 A. Not really.</p> <p>14 MR. SHARETT: We don't want you</p> <p>15 guessing.</p> <p>16 THE WITNESS: Well, no.</p> <p>17 Q. Do you have some memory of a gate,</p> <p>18 any kind of memory?</p> <p>19 A. I really wasn't paying no</p> <p>20 attention to -- no.</p> <p>21 Q. I'm going to ask you another</p> <p>22 question about the gate. That's why I was</p> <p>23 leading up to it. Do you remember whether you</p> <p>24 were given a key to the gate?</p> <p>25 A. No.</p> <p style="text-align: right;">Page 40</p>
<p>1 A. Yes.</p> <p>2 Q. And what sort of spots would they</p> <p>3 tell you to dump the fly ash in?</p> <p>4 A. I don't really know. That's where</p> <p>5 they wanted it at.</p> <p>6 Q. Was it usually at the bottom of a</p> <p>7 hill?</p> <p>8 A. No. It was flat ground over</p> <p>9 there.</p> <p>10 Q. Usually flat ground?</p> <p>11 A. Uh-huh.</p> <p>12 Q. Always flat ground?</p> <p>13 A. Where I dumped at because I didn't</p> <p>14 want to get stuck. I seen a lot of people get</p> <p>15 stuck, but I didn't.</p> <p>16 Q. A lot of trucks got stuck there?</p> <p>17 A. Uh-huh.</p> <p>18 Q. But you were careful not to?</p> <p>19 A. No. That's where they spotted me</p> <p>20 at.</p> <p>21 Q. All right. And your dump truck</p> <p>22 had some kind of pneumatic lift on it?</p> <p>23 A. Yes.</p> <p>24 Q. And you operated that?</p> <p>25 A. Yes.</p> <p style="text-align: right;">Page 39</p>	<p>1 Q. You definitely were not given a</p> <p>2 key?</p> <p>3 A. I didn't have a key.</p> <p>4 Q. Do you know if anyone at DP&L had</p> <p>5 a key to the gate?</p> <p>6 A. No.</p> <p>7 Q. You don't know?</p> <p>8 A. No.</p> <p>9 Q. I just wanted to --</p> <p>10 A. Yeah.</p> <p>11 Q. Now, when you were driving the</p> <p>12 dump truck, when you're loading the dump truck,</p> <p>13 did you typically load the truck till it was</p> <p>14 full?</p> <p>15 A. Yes.</p> <p>16 Q. So your loads to the Broadway Dump</p> <p>17 were typically full loads?</p> <p>18 A. Yes.</p> <p>19 Q. Now, was there any paperwork that</p> <p>20 you needed to deal with at the dump?</p> <p>21 A. No.</p> <p>22 Q. No tickets of any kind?</p> <p>23 A. No.</p> <p>24 Q. Nothing with paper?</p> <p>25 A. No.</p> <p style="text-align: right;">Page 41</p>

11 (Pages 38 to 41)

Mike Mobley Reporting
(800) 894-4327

1 Q. Why are you laughing?
2 A. Just new technology is out there
3 now. Then it wasn't necessary.
4 Q. You didn't have to hand
5 anything --
6 A. Nothing.
7 Q. -- to the brothers?
8 A. Nothing.
9 Q. They didn't hand you anything?
10 A. Nothing.
11 Q. Did you ever have any discussions
12 with Kenny at the dump?
13 A. Not really.
14 Q. Ever talk to you about anything?
15 A. Not really.
16 Q. Okay. Ever tease you about
17 getting like a big Christmas ham or
18 Thanksgiving turkey?
19 A. Well, you had a choice, a ham or
20 turkey. That was at the end of the every year.
21 You could choose one or the other.
22 Q. For a DP&L employee?
23 A. No. All the people that went over
24 there.
25 Q. All the people that went to the

Page 42

1 dump?
2 A. Yeah.
3 Q. And who gave you the ham or the
4 turkey?
5 A. Kenny would. Put your order in.
6 You have it.
7 Q. So it was free?
8 A. Yeah. It was a Christmas gift.
9 Q. It was like a gift for the
10 drivers?
11 A. Uh-huh.
12 Q. So do you remember getting any?
13 A. Yeah.
14 Q. What did you get?
15 A. Got the ham. That's what my mom
16 wanted. So that's what I got.
17 Q. Now, the two guys, Kenny and Bud,
18 were they -- when you would get to the dump,
19 were they standing around or were they sitting
20 in a truck? What were they doing?
21 A. No. One was on the dozer, and one
22 was on the ground.
23 Q. Who was on the dozer? Would that
24 have been Bud?
25 A. I think.

Page 43

1 Q. You think?
2 A. I think.
3 Q. Did you ever see any other drivers
4 bringing trucks into the dump while you were
5 there?
6 A. Yes.
7 Q. From what companies?
8 A. I remember GH&R.
9 Q. GH&R?
10 A. GH&R. And one fellow worked for
11 General Motors that I knew personally.
12 Q. Do you remember his name?
13 A. Nope. I don't remember his name.
14 Well, I do. I told a lie. His name was Robert
15 Woodward.
16 Q. Woodward?
17 A. Woodward.
18 Q. W O O D W A R D? Does that sound
19 right?
20 A. Uh-huh. Yes. Went to school
21 together.
22 Q. Went to Roosevelt?
23 A. Uh-huh.
24 Q. And he worked for GM?
25 A. No. GH&R.

Page 44

1 Q. Did GH&R have a nickname?
2 A. Go home and rest. It was a
3 foundry. That's what they called it.
4 Q. So did you also mention GM, that
5 you seen GM trucks there?
6 A. Yeah. I can't remember the people
7 that were driving it. It was classmates that I
8 went to school with.
9 Q. Another classmate that worked for
10 GM, huh?
11 A. Well, he went to another school,
12 but I knew him.
13 Q. Oh, okay. Now, any other
14 companies other than GH&R and GM?
15 A. There were a lot of trucks over
16 there, but I -- not really. I mean, this
17 was -- that's about the only two that I really
18 remember that I talked to.
19 Q. Okay. If you think of any more
20 while we're doing the deposition, feel free to
21 let me know.
22 A. I got dementia setting up in my
23 old mind. That's a long way back, Larry.
24 Q. Oh, I know that. That's what
25 makes this case so difficult.

Page 45

12 (Pages 42 to 45)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000103

<p>1 And then what about other DP&L</p> <p>2 trucks? Did you see any other DP&L trucks there?</p> <p>3 A. Never did.</p> <p>4 Q. Never saw another one?</p> <p>5 A. Never seen another DP&L truck.</p> <p>6 Q. What about from possibly any of</p> <p>7 the other power plants?</p> <p>8 A. I never seen a DP&L truck there at</p> <p>9 all. Seriously.</p> <p>10 Q. I believe you. Okay. Have you</p> <p>11 ever heard of the Fourth Street station?</p> <p>12 A. Fourth Street station?</p> <p>13 Q. A -- a DP&L station at Fourth</p> <p>14 Street.</p> <p>15 A. There was a station there.</p> <p>16 Q. Okay. What can you tell me about</p> <p>17 that?</p> <p>18 A. Don't know nothing about it. I</p> <p>19 didn't work there.</p> <p>20 Q. You never went there?</p> <p>21 A. No.</p> <p>22 Q. Was there any other location at</p> <p>23 which you picked up fly ash for DP&L?</p> <p>24 A. Longworth was the only fly ash</p> <p>25 place I had.</p> <p style="text-align: right;">Page 46</p>	<p>1 did they do?</p> <p>2 A. I think it came out the conveyor</p> <p>3 belt, down a chute, and they have a spotter.</p> <p>4 When he saw I had enough in the truck, he'd</p> <p>5 move me on out.</p> <p>6 Q. So a similar kind of thing with a</p> <p>7 conveyor belt and a chute. Did you have a</p> <p>8 chute at -- back at Longworth?</p> <p>9 A. It was a hopper. They called it a</p> <p>10 hopper at Longworth Street.</p> <p>11 Q. And at Third Street it was a</p> <p>12 chute?</p> <p>13 A. Yeah.</p> <p>14 Q. And a spotter would be a person</p> <p>15 who would keep an eye of what's coming --</p> <p>16 A. Yes.</p> <p>17 Q. -- into your truck?</p> <p>18 MR. SHARETT: Wait until he finishes</p> <p>19 his question.</p> <p>20 Q. The spotter would keep an eye on</p> <p>21 what's loading into your truck; is that right?</p> <p>22 A. Correct.</p> <p>23 Q. Then he would give the signal to</p> <p>24 stop when it was full?</p> <p>25 A. Correct.</p> <p style="text-align: right;">Page 48</p>
<p>1 Q. Was there any other location you</p> <p>2 picked up anything for DP&L in your dump truck?</p> <p>3 A. Third Street station.</p> <p>4 Q. I was mixing up Third Street and</p> <p>5 Fourth Street. Tell me a little bit about</p> <p>6 Third Street. What was that?</p> <p>7 A. Just cinders about once a month.</p> <p>8 Q. And was that on your regular run?</p> <p>9 Would you make a special run over to Third</p> <p>10 Street to pick up the cinders?</p> <p>11 A. If the boss would tell me to go</p> <p>12 over there. It was like a little vacation, get</p> <p>13 out of that mold of going the same way all the</p> <p>14 time when I had to go to the Third Street</p> <p>15 station. But that was not a routine.</p> <p>16 Q. Once in a while?</p> <p>17 A. Once in a while.</p> <p>18 Q. So the boss would send you over to</p> <p>19 Third Street to pick up a load of cinders?</p> <p>20 A. Uh-huh.</p> <p>21 Q. Tell me what happened when you got</p> <p>22 to Third Street?</p> <p>23 A. I didn't mess with anything over</p> <p>24 there. They would load me over there.</p> <p>25 Q. How did they load you up? What</p> <p style="text-align: right;">Page 47</p>	<p>1 Q. What kind of operation was Third</p> <p>2 Street? Was it also a power plant?</p> <p>3 A. Steam.</p> <p>4 Q. It was a steam plant?</p> <p>5 A. Yeah.</p> <p>6 Q. And why cinders rather than fly</p> <p>7 ash?</p> <p>8 A. Don't know.</p> <p>9 Q. You just know it was cinders</p> <p>10 coming into your truck?</p> <p>11 A. Yeah.</p> <p>12 Q. And where would you take the</p> <p>13 cinders?</p> <p>14 A. Broadway.</p> <p>15 Q. Same place?</p> <p>16 A. Uh-huh.</p> <p>17 Q. Same routine, you'd go to the</p> <p>18 dump?</p> <p>19 A. Correct.</p> <p>20 Q. See Kenny and Bud?</p> <p>21 A. (Witness nods head up and down.)</p> <p>22 Q. They'd tell you where to dump it?</p> <p>23 A. Yes.</p> <p>24 Q. I want to just ask you. I think I</p> <p>25 know the answer, but I want to ask you anyway.</p> <p style="text-align: right;">Page 49</p>

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000104

1 When you drove the truck for the dump truck
2 from Longworth to the Broadway Dump, did you
3 have -- ever have any passengers in your truck
4 with you?

5 A. Nope.

6 Q. Always alone?

7 A. Yes.

8 Q. Same for Third Street?

9 A. Yes.

10 Q. Did your brother work for DP&L?

11 A. Yes.

12 Q. Is he still alive?

13 A. No. I lost him this year.

14 Q. I'm sorry to hear that. What was
15 his job?

16 A. He was in the printing -- printing
17 department.

18 Q. At the service building?

19 A. At the gas electric building.

20 Q. Do you remember the names of any
21 of the coal handlers that worked at Longworth
22 while you worked there?

23 A. Mr. Taylor was a coal handler, Ed
24 Taylor.

25 Q. Did you say his first name?

Page 50

1 A. Ed. And Mr. Dixon, Clinton Dixon.
2 Q. Do you know if Mr. Taylor is still
3 alive?

4 A. That's a good question. I can't
5 answer that. We used to see him off and on,
6 but I don't know his whereabouts right now.

7 Q. What about Mr. Dixon?

8 A. He passed away.

9 Q. Anyone else that worked as a coal
10 handler at Longworth?

11 A. Mr. Ford. Was it Willie Ford? He
12 passed on, too.

13 Q. Willie Ford passed away?

14 A. Uh-huh. Henry Ford. That was his
15 brother. Henry Ford. Henry Ford.

16 Q. Passed on?

17 A. Uh-huh.

18 Q. Anyone else you can remember from
19 Longworth?

20 A. That was my little crew I ran
21 with.

22 Q. Then in '67 you moved on to
23 another position with DP&L; is that right?

24 A. Right.

25 Q. And what was that?

Page 51

1 A. Over in electric construction.

2 Q. And electric construction, was
3 that headquartered at the time at the service
4 building?

5 A. Correct.

6 Q. So you had a different commute
7 every day to get to work?

8 A. Yes.

9 Q. You'd come down to the service
10 building to check in?

11 A. Yes.

12 Q. What was your shift at that point
13 for electric construction?

14 A. The same. Hours was 7:00 to 3:30.
15 The same hours.

16 Q. How long did you work in electric
17 construction?

18 A. Until '86 or '87 or '85, somewhere
19 around in there.

20 Q. Until mid '80s?

21 A. Yeah.

22 Q. So maybe about twenty years or so
23 in electric construction?

24 A. Yes.

25 Q. Where did you go after that?

Page 52

1 A. Well, the company had a new
2 implementation. They made these centers, like
3 in Centerville and -- we left Broadway.

4 Q. So you moved away from -- electric
5 construction moved out of Broadway?

6 A. Right. Well, they phased it out.

7 Q. And you went to which -- which
8 location?

9 A. North Dayton service center.

10 Q. And how long were you there?

11 A. I went over there in '88 and left
12 in 2000.

13 Q. In electric construction the whole
14 time or something else from '88 till 2000?

15 A. No.

16 Q. You had already left electric
17 construction?

18 A. Electric construction phased out.
19 That didn't exist anymore.

20 Q. So what was your department at
21 that time?

22 A. AC network.

23 Q. Where you are now?

24 A. Yeah. Uh-huh.

25 Q. And then after 2000, new location?

Page 53

14 (Pages 50 to 53)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000105

1 A. Back down here to Broadway.
 2 Q. Back to service building?
 3 A. Back to service building.
 4 Q. Same department?
 5 A. Same department.
 6 Q. So when you were in electrical
 7 construction from '67 to '85, '86, '87, where
 8 at the service building was your -- was
 9 electric construction located? Do you want to
 10 look at the aerial photograph? It's in front
 11 of you.
 12 A. If you're looking right down on
 13 this dock right in front of Dryden Road.
 14 Q. What is called the west dock?
 15 A. West dock.
 16 Q. Were you right next to stores?
 17 A. Stores is in back of it. Stores
 18 is on the east side.
 19 Q. But didn't Stores extend over
 20 pretty far?
 21 A. Yeah. They really got the whole
 22 building.
 23 Q. So you were on the east dock with
 24 the stores behind you?
 25 A. Right. Uh-huh.

Page 54

1 Q. How big an office was electric
 2 construction?
 3 A. It was a nice -- what we call a
 4 bum room that everybody located in. We had
 5 close to ninety employees there so it had to be
 6 a pretty good size room. It was open with
 7 lockers and workbenches.
 8 Q. Did any work go on in electrical
 9 construction or was it just an assembly point?
 10 A. It was an assembly point. And
 11 then we'd just go out in the field afterwards.
 12 Q. You went out in some sort of van
 13 or truck?
 14 A. Trucks. Equipment trucks,
 15 carry-alls. We even had a school bus.
 16 Q. Transport employees?
 17 A. Uh-huh.
 18 Q. What was the color of DP&L at that
 19 point?
 20 A. I think they had went to a white
 21 vehicle then.
 22 Q. From the green?
 23 A. From the green. Then they went --
 24 now we had a tan, like a beige color.
 25 Q. After the white?

Page 55

1 A. After the white. We back into
 2 white again now. It's -- they change when they
 3 get ready to, I guess.
 4 Q. So you'd go out in some kind of a
 5 vehicle to a location to do work?
 6 A. Correct.
 7 Q. What kind of work did you do for
 8 electric construction?
 9 A. We were building substations from
 10 the ground up, from the pads.
 11 Q. That's a big difference from truck
 12 driving, huh?
 13 A. Yes, it was.
 14 Q. Did you have to get trained for
 15 electric construction?
 16 A. Yes.
 17 Q. How did that happen?
 18 A. Promote yourself into the
 19 department. When a job came open, you would
 20 apply for it; and if you had the skills, they
 21 would recommend you or not recommend you.
 22 Q. Did you like it better than the
 23 driving the truck?
 24 A. Oh, I loved it. Yes.
 25 Q. Much better?

Page 56

1 A. Yes.
 2 Q. Tell me a little bit about what
 3 you would do out on the site. Did you work as
 4 a mechanic, a carpenter? What kind of --
 5 A. I was an operator. I ran the
 6 equipment.
 7 Q. I see. What sort of equipment did
 8 you run?
 9 A. Backhoes, trenchers, Ditch Witch,
 10 anything the company had.
 11 Q. If you were out on a site and
 12 there was some materials that was going to be
 13 thrown away at the site, how did those get
 14 taken care of, if you know?
 15 A. We would bring them back to
 16 Broadway --
 17 Q. And --
 18 A. -- from our job site.
 19 Q. In what vehicles?
 20 A. Whatever we had to haul them in.
 21 Backhoe trailers, whatever. Crew trucks.
 22 Q. And then what would happen to the
 23 materials when you got back to the service
 24 building on Broadway?
 25 A. Pile them -- wherever they tell us

Page 57

15 (Pages 54 to 57)

Mike Mobley Reporting
 (800) 894-4327

DPL2USEPA-JAN2015-000106

1 to pile it up at.
 2 **Q. In the yard?**
 3 A. Yeah.
 4 **Q. Along the dock or what?**
 5 A. No. No. We'd go at the end of
 6 the ramp, and then the storeroom personnel
 7 would take care of it. Recover it. They would
 8 recover what we brought back there.
 9 **Q. So you'd bring it back to the end**
 10 **of which ramp?**
 11 A. On the lower end. That would
 12 be --
 13 MR. SHARETT: Speak up. There's
 14 people on the phone.
 15 THE WITNESS: Oh, I'm sorry. It
 16 would be the end of the west dock. There was a
 17 ramp right down there (indicating).
 18 **Q. The end of the west dock. Can you**
 19 **draw a circle where that would be?**
 20 A. Right here (indicating).
 21 **Q. Write ramp next to that.**
 22 A. There was a ramp up there.
 23 **Q. Can you write in ramp next to it**
 24 **so we know where you drew the circle?**
 25 A. (Witness complies with request.)

Page 58

1 **Q. So you'd put materials coming back**
 2 **from the jobs at the sites on the ramp or next**
 3 **to the ramp? Where would you unload?**
 4 A. On the flat part of the ramp. It
 5 wouldn't be the ramp. It would be in that
 6 vicinity. They called it recovery. You had
 7 material you didn't use, and we would put it
 8 there.
 9 **Q. So would this be both materials to**
 10 **throw away and to recover?**
 11 A. Good question because we didn't
 12 need it anymore. So if it was salvageable,
 13 they would use it, you know, and put it back in
 14 stock and stick it back out. I mean, you don't
 15 want to throw away good stuff if you didn't
 16 need it.
 17 **Q. So there was a flat area adjacent**
 18 **to the ramp where you'd put the materials you**
 19 **brought back from the jobs?**
 20 A. Correct.
 21 **Q. And then Stores would take care of**
 22 **it from there?**
 23 A. Right.
 24 **Q. Can you tell me what sort of**
 25 **materials would come back with you?**

Page 59

1 A. Old cable, steel, braces,
 2 insulators. That would be it.
 3 **Q. Anything else you can think of?**
 4 A. No. We didn't use wood then
 5 because we were building substations. That's
 6 all I ever brought back.
 7 **Q. Now, do you remember ever seeing**
 8 **a -- not as big a dump truck that you drove but**
 9 **maybe a smaller dump truck located along either**
 10 **the west dock or east dock at the service**
 11 **building back when you began working electric**
 12 **construction?**
 13 A. No. The dump trucks weren't
 14 allowed to park at the dock. The line crew had
 15 the west dock. We parked out in the yard.
 16 **Q. Who parked out in the yard?**
 17 A. All the working trucks, what I
 18 call working trucks parked out in the yard, out
 19 in the lot, in this open area right here
 20 (indicating).
 21 **Q. Why don't you circle that and**
 22 **write in lot.**
 23 A. (Witness complies with request.)
 24 That's where you stage your other equipment,
 25 your backhoes, any other stuff, out in that

Page 60

1 lot.
 2 **Q. And along the west dock, that's**
 3 **where -- what trucks were parked there?**
 4 A. The line trucks.
 5 **Q. The line trucks.**
 6 A. The bucket trucks.
 7 **Q. And those trucks were associated**
 8 **with what department?**
 9 A. The line department.
 10 **Q. And what about the dump truck, do**
 11 **you remember seeing a dump truck parked**
 12 **anywhere in the service building area?**
 13 A. No. They always stayed out in the
 14 lot.
 15 **Q. The dump truck would stay out in**
 16 **the lot?**
 17 A. All the dump trucks stay out in
 18 the lot.
 19 **Q. Do you remember seeing any dump**
 20 **trucks out in the lot?**
 21 A. Yeah. That's where they was at.
 22 **Q. Do you remember whether the --**
 23 **those DP&L dump trucks dumped at the Broadway**
 24 **dump right across the road?**
 25 A. Not to my knowledge.

Page 61

16 (Pages 58 to 61)

Mike Mobley Reporting
 (800) 894-4327

DPL2USEPA-JAN2015-000107

1 Q. Do you know where they dumped?
 2 A. No.
 3 Q. Ever spend any time in the DP&L
 4 garage at the service building area?
 5 A. Yeah. When you break down, yeah,
 6 you have to go to the garage.
 7 Q. And you broke down on occasion?
 8 A. Several times.
 9 Q. And the garage was where you went
 10 to get a repair?
 11 A. Correct.
 12 Q. All right. Where was the garage
 13 on this exhibit we're looking at --
 14 A. Just the end of --
 15 Q. -- Exhibit 3.
 16 A. This should be the garage right
 17 here (indicating).
 18 Q. Why don't you write garage next to
 19 that. That's the black building?
 20 A. Uh-huh. (Witness complies with
 21 request.)
 22 Q. Tell me about when you'd go into
 23 the garage with one of your vehicles.
 24 A. You'd wait until they repair you
 25 to get you out of there.

Page 62

1 Q. You waited in the garage while the
 2 repairs were taking place?
 3 A. If it wasn't a major problem.
 4 Minor problem, they'd get you in and get you
 5 out.
 6 Q. Do you remember who worked in the
 7 garage back when you started in electrical
 8 construction?
 9 A. Oh, my goodness. Wow. I know a
 10 Jim Oatney worked in the question.
 11 Q. How do you spell his last name?
 12 A. Next question.
 13 Q. You don't remember?
 14 A. Huh-uh. I know he was a shop
 15 foreman down there.
 16 Q. Jim?
 17 A. Oatney.
 18 Q. Say that a little louder?
 19 A. Oatney.
 20 Q. Anyone else?
 21 A. He was the boss down there.
 22 Q. Any other mechanics?
 23 A. Oh, yeah, there was a bunch of
 24 mechanics down there.
 25 Q. Do you remember any names?

Page 63

1 A. There was a Jim Watts. There was
 2 a -- well, he's still there, but he's not a
 3 mechanic. Gene Tripline -- Tipline.
 4 Q. Do you remember somebody who's
 5 still there that's not a mechanic? What name
 6 were you thinking of?
 7 A. That's still living?
 8 Q. Well, you said still there.
 9 A. Yeah. Gene is the last --
 10 Q. Gene is still in the garage?
 11 A. Yeah. He's like me, he's on the
 12 waiting list to get out.
 13 Q. There's still a waiting list?
 14 A. No. We going. We got our mind
 15 made up. We going. No, that's the only
 16 mechanic.
 17 Q. What about there was a paint booth
 18 in the garage?
 19 A. Yeah. Still there.
 20 Q. Do you remember any of the
 21 operators of the paint booth?
 22 A. Bill Smith.
 23 Q. No longer alive?
 24 A. No.
 25 Q. Anyone else?

Page 64

1 A. We had two painters, but I can't
 2 remember the other painter. That's the only
 3 one I can remember right off the top of my
 4 head.
 5 Q. That's okay. If you remember it,
 6 let me know.
 7 A. I doubt it.
 8 Q. Any other Department of
 9 Transportation employees come to mind?
 10 A. There was so many of them down
 11 there and they all passed away. I know I can't
 12 spell this name. There was a Dushank. He was
 13 down there.
 14 Q. Do you remember his first name?
 15 A. Leander.
 16 Q. Do you remember what his job was?
 17 A. He was a mechanic. You're going
 18 to make me go home and think about it. I mean,
 19 I met a lot of people in my career.
 20 Q. Do you remember any of the dump
 21 truck drivers who were stationed at the service
 22 building?
 23 A. As a driver, you drove whatever
 24 they told you to drive. That could be anyone.
 25 A lineman can drive a dump truck. So just

Page 65

17 (Pages 62 to 65)

Mike Mobley Reporting
 (800) 894-4327

1 drivers.
2 Q. What about Stores, do you remember
3 anyone from Stores, from --
4 A. Met a lot of people from Stores.
5 Q. Can you give me some names?
6 A. Mr. Harty. Willie Harty.
7 Q. I know Willie.
8 A. G. L. Scandritz.
9 Q. Is he still alive?
10 A. Yes. Jim South. A Bill Brush.
11 Q. What's Bill's last name?
12 A. B R U S H. He retired.
13 Q. B R U S H?
14 A. Uh-huh.
15 Q. Is he still alive?
16 A. Uh-huh. A Ross Hotson.
17 Q. Ross Hotson?
18 A. Uh-huh.
19 Q. Still alive?
20 A. Yes. Heard he's in a nursing
21 home, but he's still alive. I'll think of some
22 of them as we go. These are the fellows I
23 worked in electric construction. Came out of
24 the storeroom.
25 Q. Came out of storeroom and then

Page 66

1 worked in electric --
2 A. Uh-huh.
3 Q. Jim Shar?
4 A. Shouldn't have mentioned that
5 name.
6 Q. Why?
7 A. Lineman.
8 Q. Friend of yours?
9 A. I guess you call it that. I
10 believe that's why I'm here.
11 Q. All right. I'm going to take a --
12 let me ask one more. Ever get around into the
13 transformer shop?
14 A. Know where it's at.
15 Q. You know where it was?
16 A. Yeah.
17 Q. Did you ever go in there?
18 A. Oh, yeah. I cut through there.
19 Q. On the way to it where?
20 A. Restroom. Wherever we're going.
21 Shortcut. Safe place.
22 Q. Can you tell me, do you remember
23 anybody who worked in the transformer shop from
24 when you were in electric construction?
25 A. John Williams worked over there.

Page 67

1 Q. Is he still alive?
2 A. I think he is.
3 Q. What did he do?
4 A. I don't know what they did over
5 there. They worked in the transformer shop.
6 When the old transformers would come in, they'd
7 repair them or try to put them back out on the
8 property. I think that's what they did. Otis
9 Henry used to work there.
10 Q. Is he still alive?
11 A. No. He passed away, too.
12 Q. John Williams passed away?
13 A. John Williams, he -- no. He's
14 still alive. I see all these faces. I can't
15 put no names to them. That's --
16 Q. That's who you remember right now?
17 A. Yeah, right off the top of my
18 head.
19 Q. And do you know anybody who was
20 associated with the oil house, worked in the
21 oil house?
22 A. This older gentleman worked there
23 when I first got -- Elmer. And that's all I
24 know was Elmer.
25 Q. Probably passed away then?

Page 68

1 A. Oh, yeah. I know he's gone.
2 Q. Anyone else from the oil house?
3 A. Not really. No. Not -- no. I
4 can't think of any. No.
5 Q. Did you have any involvement
6 yourself in the oil house since you -- when you
7 worked at DP&L?
8 A. Not really. You just go over
9 there and pick up an empty barrel. No, not
10 really.
11 Q. Why would you pick up an empty
12 barrel?
13 A. For a BBQ pit if you really want
14 to know.
15 Q. Took it home?
16 A. Yes.
17 Q. They had empty barrels like --
18 A. Well, the ones they wouldn't use.
19 They were nice so you could cut them in two and
20 make a nice grill out of it.
21 Q. What did they use the barrels for?
22 A. I think they transported oil in
23 them, you know, when they had different oil
24 jobs, whatever that consisted of. They'd take
25 them out.

Page 69

18 (Pages 66 to 69)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000109

1 MR. SILVER: Okay. I'm going to take
2 a break for about five minutes and see if I have
3 any more questions.
4 MR. SHARETT: All right. Great.
5 Thanks. Let's step outside.
6 (Thereupon, a break was had.)
7 MR. SILVER: I'm going to mark this
8 as Exhibit 4.
9 (Thereupon, Fields Exhibit Number 4
10 was marked for purposes of identification.)
11 Q. Mr. Fields, I'm putting another
12 aerial photograph in front of you that we've
13 marked as Exhibit 4. And it's a little bit --
14 more of a close-in photograph of the -- of
15 the -- what's shown. Do you see where Dryden
16 Road is marked on the exhibit?
17 A. Yes.
18 Q. And we talked a little bit about,
19 you know, where you -- when you drove the truck
20 from Longworth, the dump truck, where you
21 entered into the Broadway Dump. You were a
22 little bit concerned about, you know, where
23 the -- the white building, whether it was still
24 there or not there.
25 If you're able to, if you can show me

Page 70

1 where you entered the dump with your dump truck on
2 this diagram, if it helps at all.
3 A. It's the same white building.
4 Q. Can't get rid of the white
5 building.
6 A. (Witness complies with request.)
7 Q. So you marked a white building
8 where you believe you entered the dump truck --
9 where you drove the dump truck into the dump?
10 A. It looks like the vicinity I was
11 going into. But like I said, I never had an
12 upper view on it.
13 Q. Uh-huh. That looks like the
14 location where you entered, is that what you're
15 saying --
16 A. Yes.
17 Q. -- where you marked the X on
18 Exhibit 4?
19 A. Uh-huh. Yes.
20 Q. All right. That's really all --
21 unless there's something else that you wanted
22 to say about that.
23 I have a couple more questions for
24 you. Are you represented here today by an
25 attorney?

Page 71

1 A. Yes.
2 Q. Would that be Mr. Sharett?
3 A. Yes.
4 Q. Now, prior to the deposition, did
5 you have a chance to talk to Mr. Sharett and
6 prepare for this deposition?
7 A. Yes.
8 Q. Now, at the break, after we were
9 asking -- I was asking you questions and you
10 went and broke and went in the other room, did
11 you have a chance to talk to Mr. Sharett any
12 further?
13 A. We spoke to one another. We
14 spoke, yeah.
15 Q. Did you talk about the questions
16 that were being asked?
17 MR. SHARETT: Objection. Objection.
18 That is attorney-client privileged information. I
19 instruct you not to answer. Do not ask him one
20 more question about what we discussed.
21 MR. SILVER: It was in the middle of
22 the deposition.
23 MR. SHARETT: Don't ask him one more
24 question. I will stop the deposition.
25 MR. SILVER: Okay. So you're not

Page 72

1 allowing me to ask questions about --
2 MR. SHARETT: That's absolutely
3 right. You cannot ask him about anything that we
4 discussed. As his counsel, that is
5 attorney-client privilege information. I will
6 stop today's deposition if you ask him one more
7 question.
8 MR. SILVER: I'm asking you a
9 question right now. You're not going to let me
10 ask him what was discussed between you and him
11 during the break in this deposition?
12 MR. SHARETT: Yeah. That's
13 absolutely right. That's absolutely right.
14 MR. SILVER: I just want to make it
15 clear on the record.
16 Q. I'm going to put another exhibit
17 in front of you, Mr. Fields, that I'm going to
18 ask you a few questions about. And we're up to
19 number 5, I believe.
20 (Thereupon, Fields Exhibit Number 5
21 was marked for purposes of identification.)
22 Q. It's the same -- I'm going to
23 represent to you, Mr. Fields, that this is a
24 chart that was provided to me by your employer
25 DP&L listing wastes that were associated with

Page 73

19 (Pages 70 to 73)

Mike Mobley Reporting
(800) 894-4327

DPL2USEPA-JAN2015-000110

1 various facilities of DP&L.
 2 (Thereupon, an off-the-record
 3 discussion was had.)
 4 Q. I want to direct you to the column
 5 that's titled Longworth steam station. Do you
 6 see that?
 7 A. Correct.
 8 Q. And if you go down the column, you
 9 know, the first row, it says PCBs and it says
 10 none known, you know, none known with regard to
 11 Longworth. Do you see that?
 12 A. Yes.
 13 Q. The next one says chemical
 14 solvents. Do you see where that says chemical
 15 solvents? And then you can go across the row,
 16 you see cleaning of equipment and facilities?
 17 A. Correct.
 18 Q. I'm just wondering, when you were
 19 a janitor, do you remember using any chemical
 20 solvents to clean equipment and facilities at
 21 Longworth?
 22 A. No. I used a broom and a mop.
 23 Q. And cutting oils, you don't have
 24 any familiarity with cutting oils at Longworth,
 25 do you?

Page 74

1 A. No.
 2 Q. What about paint?
 3 A. Nope.
 4 Q. You never did any painting?
 5 A. Nope.
 6 Q. And what about it says combustion
 7 of coal. Combustion of coal, was that what
 8 produced fly ash?
 9 A. I don't know.
 10 Q. You --
 11 A. I'm not familiar.
 12 Q. Next row it says stoddard
 13 solvents. Do you see that?
 14 A. Uh-huh.
 15 Q. It says cleaning of equipment and
 16 facilities. Did you do any --
 17 A. No.
 18 Q. You never cleaned equipment and
 19 facilities --
 20 A. No.
 21 Q. -- other than the mop and --
 22 A. Mop and water and broom.
 23 Q. You see also at the very bottom
 24 there's a reference to oils and/or brake
 25 fluids. And under Longworth it says vehicle

Page 75

1 and/or equipment maintenance. Was there
 2 vehicle or equipment maintenance going on at
 3 Longworth?
 4 A. At the garage.
 5 Q. So even the big dump truck you
 6 drove, you would take to the garage --
 7 A. Right.
 8 Q. -- the garage on Broadway?
 9 A. On Broadway.
 10 Q. That's all I wanted to ask you
 11 about that. We're good there.
 12 MR. SILVER: All right. That's all
 13 the questions I have for you, Mr. Fields. Thanks
 14 very much.
 15 THE WITNESS: Thank you.
 16 MR. SILVER: Mr. Sharet?
 17 MR. SHARETT: I have no questions.
 18 Does anybody else on the phone have any questions?
 19 MR. SILVER: Anyone in the room?
 20 Anyone on the phone?
 21 MR. SHARETT: We'll review.
 22 (Thereupon, the deposition was
 23 concluded at 10:23 a.m.)

Page 5	Page 7
<p>1 JOHN W. DAVIS</p> <p>2 of lawful age, Witness herein, having been first</p> <p>3 duly cautioned and sworn, as hereinafter</p> <p>4 certified, was examined and said as follows:</p> <p>5 CROSS-EXAMINATION</p> <p>6 BY MR. SILVER:</p> <p>7 Q. Hello, Mr. Davis.</p> <p>8 A. How are you doing?</p> <p>9 Q. Can you give your full name for</p> <p>10 the record?</p> <p>11 A. John Wesley Davis.</p> <p>12 Q. Your address for the record,</p> <p>13 please?</p> <p>14 A. NON-</p> <p>15 Q. And that is in Dayton?</p> <p>16 A. Yeah.</p> <p>17 Q. Have you ever had a deposition</p> <p>18 before?</p> <p>19 A. (Witness shakes head back and</p> <p>20 forth.)</p> <p>21 Q. Given testimony of any kind?</p> <p>22 A. (Witness shakes head back and</p> <p>23 forth.)</p> <p>24 Q. So this is a new experience for</p> <p>25 you?</p>	<p>1 court reporter doesn't want us talking over</p> <p>2 each other. She can't -- she can't key punch</p> <p>3 two people talking at the same time.</p> <p>4 If you need a break at any time,</p> <p>5 let us know and we'll -- we can -- we can have</p> <p>6 a break. And we might have just a break anyway</p> <p>7 after an hour, hour and a half, something like</p> <p>8 that.</p> <p>9 This is a case about the south</p> <p>10 Dayton dump. My clients are -- have reached</p> <p>11 some agreements with the EPA to clean up the</p> <p>12 dump, and we are asking for assistance from</p> <p>13 other parties that we believe may have disposed</p> <p>14 of waste there. That's what this lawsuit is</p> <p>15 all about.</p> <p>16 Can you tell me whether you were</p> <p>17 ever an employee of The Dayton Power and Light</p> <p>18 Company?</p> <p>19 A. Yes.</p> <p>20 Q. And during what years?</p> <p>21 A. From '68 till 2001.</p> <p>22 Q. So that would be about</p> <p>23 thirty-three years?</p> <p>24 A. Thirty-four.</p> <p>25 Q. And just let me know a little bit</p>
Page 6	Page 8
<p>1 A. Yep.</p> <p>2 Q. Hopefully your last?</p> <p>3 A. Yep.</p> <p>4 Q. All right. Just -- I want to give</p> <p>5 you just a few instructions and information</p> <p>6 that will help in the deposition. One is, it's</p> <p>7 important to answer questions out loud and not</p> <p>8 shake your head yes or no so that both the</p> <p>9 court reporter can get it and write it down,</p> <p>10 she's writing everything down that happens, and</p> <p>11 for the people on the phone who can't see you.</p> <p>12 The way this is going to work is</p> <p>13 I'm going to ask questions. It's going to be a</p> <p>14 question and answer period. You're here to</p> <p>15 give answers to the questions to the best of</p> <p>16 your knowledge. It's not a test. So if you</p> <p>17 don't know an answer, as I'm sure you will let</p> <p>18 us know, just say I don't know. If you don't</p> <p>19 understand a question, if it's not stated well</p> <p>20 and you can't figure out what I'm asking, just</p> <p>21 ask me to rephrase it. If you don't hear it,</p> <p>22 ask me to repeat it.</p> <p>23 It's important to wait until I</p> <p>24 finish the question before you answer. You may</p> <p>25 know the answer two or three words in, but the</p>	<p>1 about your background. What was your date of</p> <p>2 birth?</p> <p>3 A. NON-</p> <p>4 Q. Did you go to school in -- did you</p> <p>5 grow up in -- where were you born?</p> <p>6 A. Dayton.</p> <p>7 Q. Right in Dayton. You grew up</p> <p>8 here?</p> <p>9 A. Yeah.</p> <p>10 Q. Did you go to school here?</p> <p>11 A. Yes.</p> <p>12 Q. What school did you go to?</p> <p>13 A. NON-</p> <p>14 Q. NON-</p> <p>15 A. (Witness nods head up and down.)</p> <p>16 Q. And after school, did you have any</p> <p>17 jobs before you worked for Dayton Power and</p> <p>18 Light?</p> <p>19 A. Yeah. I operated a crane for</p> <p>20 Ruben Iron & Metal.</p> <p>21 Q. Okay. For how long did you do</p> <p>22 that?</p> <p>23 A. About three years.</p> <p>24 Q. Okay. So that would have been --</p> <p>25 let's see, N was your birthday?</p>

2 (Pages 5 to 8)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000115

Page 9	Page 11
<p>1 A. (Witness nods head up and down.)</p> <p>2 Q. Maybe '56 or '57, somewhere in</p> <p>3 there?</p> <p>4 A. I don't know.</p> <p>5 Q. And what kind of company -- what</p> <p>6 was the name of that company again?</p> <p>7 A. Scrap iron. Ruben Iron & Metal.</p> <p>8 Q. What sort of work did they do?</p> <p>9 A. Sold steel. Cut up steel.</p> <p>10 Q. And where were they located?</p> <p>11 A. Just like Franklin.</p> <p>12 Q. Oh, like Franklin Iron & Metal</p> <p>13 who's represented here?</p> <p>14 A. In fact, I worked out there for a</p> <p>15 while.</p> <p>16 Q. You worked for Franklin?</p> <p>17 A. Yeah.</p> <p>18 Q. What period of time?</p> <p>19 A. Right before I went to work for</p> <p>20 Dayton Power and Light.</p> <p>21 Q. Dayton Power and Light.</p> <p>22 A. '6 -- had to be '67, '66.</p> <p>23 Q. I'm curious about Franklin Iron &</p> <p>24 Metal. What did you do for Franklin Iron &</p> <p>25 Metal?</p>	<p>1 A. Pennsylvania Iron & Coal.</p> <p>2 Franklin. Pennsylvania Iron & Coal and</p> <p>3 Franklin.</p> <p>4 Q. Was it a big truck you drove for</p> <p>5 Ruben?</p> <p>6 A. Tandem.</p> <p>7 Q. Now, back to DP&L, when you</p> <p>8 started working for them, what sort of truck</p> <p>9 were you driving?</p> <p>10 A. Tandem.</p> <p>11 Q. Describe a tandem truck to me,</p> <p>12 just to make sure I have it in my mind.</p> <p>13 A. It's got a set of four wheels in</p> <p>14 the back.</p> <p>15 Q. What's the total length of the</p> <p>16 tandem truck that you drove when you started</p> <p>17 driving for Dayton Power and Light</p> <p>18 approximately?</p> <p>19 A. Approximately probably sixteen</p> <p>20 foot.</p> <p>21 Q. And that's plus the cab?</p> <p>22 A. Yeah.</p> <p>23 Q. And where did you drive the tandem</p> <p>24 for Dayton Power and Light when you started</p> <p>25 with them?</p>
Page 10	Page 12
<p>1 A. Just picked up scrap around the</p> <p>2 yard.</p> <p>3 Q. And did what with it?</p> <p>4 A. They shipped it out, sold it to</p> <p>5 somebody.</p> <p>6 Q. So were you operating a piece of</p> <p>7 equipment?</p> <p>8 A. No.</p> <p>9 Q. Just helping out with --</p> <p>10 A. Yard work.</p> <p>11 Q. Now, when you started with Dayton</p> <p>12 Power and Light in 1968 you said, what did you</p> <p>13 do for them when you began working there?</p> <p>14 A. Drove a truck.</p> <p>15 Q. Right away?</p> <p>16 A. Yep.</p> <p>17 Q. Had you done any truck driving for</p> <p>18 anyone before that?</p> <p>19 A. Yep.</p> <p>20 Q. Who was that for?</p> <p>21 A. Ruben Iron & Metal.</p> <p>22 Q. And what did you do in the truck</p> <p>23 for Ruben Iron & Metal?</p> <p>24 A. Haul steel.</p> <p>25 Q. And where did you deliver it?</p>	<p>1 A. South Dayton dump. That's where</p> <p>2 we dumped at.</p> <p>3 Q. So you were hauling waste for</p> <p>4 Dayton Power and Light at that time?</p> <p>5 MR. CAMPBELL: Objection to form.</p> <p>6 THE WITNESS: Yeah.</p> <p>7 Q. What was in -- we're still</p> <p>8 starting off when you started driving this</p> <p>9 tandem. What was in the truck?</p> <p>10 A. Ashes.</p> <p>11 Q. Where did the ashes come from?</p> <p>12 A. Boilers.</p> <p>13 Q. Which boilers?</p> <p>14 A. We had four boilers at Longworth.</p> <p>15 Q. I see. So the boilers at</p> <p>16 Longworth were the source of the ashes for what</p> <p>17 was put into your tandem?</p> <p>18 A. Yep.</p> <p>19 Q. Is -- is Longworth still around?</p> <p>20 MR. WINNE: The image, aerial image?</p> <p>21 MR. SILVER: No. No. I'm talking to</p> <p>22 him.</p> <p>23 THE WITNESS: Nope.</p> <p>24 Q. And where was Longworth located?</p> <p>25 A. Over back of Chaminade.</p>

3 (Pages 9 to 12)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000116

Page 13

1 Q. Chaminade High School?

2 A. High school. In fact, they got

3 the field that it sit on, practice field.

4 Q. Where Longworth was is now a

5 practice field for Chaminade High School?

6 A. Yep.

7 Q. I grew up in Cleveland. So I knew

8 about Chaminade because it always had good --

9 good basketball teams. So does Roosevelt.

10 All right. Let's start with the

11 first exhibit. We're going to mark this as Davis

12 Exhibit Number 1.

13 (Thereupon, Davis Exhibit Number 1

14 was marked for purposes of identification.)

15 Q. This is just something I pulled

16 off the Internet, Mr. Davis, and I thought I

17 would show it to you because I was having

18 difficulty finding a picture of the old

19 Longworth facility. Does that look familiar to

20 you? I guess not.

21 A. That's the coal skip -- that's

22 Longworth.

23 Q. Did they ever call it the castle?

24 Ever hear that?

25 A. Yeah. Most people -- it looked

Page 14

1 like a castle.

2 Q. And this got torn down at some

3 point?

4 A. Yep.

5 Q. So this is when you were starting

6 at DP&L and driving the tandem, was this

7 facility, Longworth, the source of the ash that

8 you picked up?

9 A. Yep.

10 Q. Did you pick up ash from any other

11 facilities of DP&L at that point in time?

12 A. Third Street.

13 Q. Third Street. What was at Third

14 Street?

15 A. Steam plant.

16 Q. And so you picked up ash in your

17 tandem from the steam plant at Third Street as

18 well as Longworth?

19 A. Yes.

20 Q. Any other facilities of DP&L?

21 A. Nope.

22 Q. What about Hutchings Station?

23 A. Nope.

24 Q. You didn't go there at that point

25 in time?

Page 15

1 A. (Witness shakes head back and

2 forth.)

3 Q. Did you ever go to Hutchings

4 Station to pick up ash or anything else?

5 A. No.

6 Q. And what about Tate Station?

7 A. Nope.

8 MR. CAMPBELL: I'm sorry, say that

9 again.

10 Q. What about Tate Station? You're

11 familiar with Tate Station?

12 A. Yep.

13 Q. But you never picked up anything

14 at Tate Station while you worked for DP&L?

15 A. Nope.

16 Q. So far, we've talked about

17 Longworth and Third Street. Were there any

18 other -- and I'll just talk about the entire

19 time that you worked for DP&L. Were there any

20 locations where you picked up waste -- I'm

21 sorry -- picked up ash or other waste for DP&L?

22 A. Nope.

23 Q. So simply Longworth and Third

24 Street for you?

25 A. Yep.

Page 16

1 Q. So now we're still talking about

2 when you started with DP&L and drove the

3 tandem. For how long did you drive the tandem

4 for DP&L?

5 A. From '66 until '88. From '68 to

6 '88.

7 Q. Twenty years. '68 to '88?

8 A. (Witness nods head up and down.)

9 Q. Now, when you were picking up the

10 ash at Longworth, you mentioned you took it to

11 South Dayton dump?

12 A. Yep.

13 Q. Did you take ash from Longworth to

14 South Dayton dump for those entire twenty years

15 that you drove the tandem?

16 A. Yep.

17 Q. And you also mentioned you picked

18 up ash from Third Street?

19 A. Yeah.

20 Q. And did you also take that to the

21 South Dayton dump?

22 A. Yep.

23 Q. Did you pick it up from Third

24 Street and take it to the South Dayton dump for

25 the entire twenty years you drove the tandem?

4 (Pages 13 to 16)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000117

Page 17	Page 19
<p>1 A. Yep.</p> <p>2 Q. Can you tell me what frequency you</p> <p>3 picked up ash from Longworth and took it to</p> <p>4 South Dayton dump?</p> <p>5 A. Every day except weekends.</p> <p>6 Sometime on weekends.</p> <p>7 Q. Okay. Every day except weekends,</p> <p>8 but sometimes on weekends?</p> <p>9 A. (Witness nods head up and down.)</p> <p>10 Q. And your answer is --</p> <p>11 A. Yeah.</p> <p>12 Q. How many times a day for weekdays</p> <p>13 would you pick up?</p> <p>14 A. It depended on how much was on the</p> <p>15 boiler and how cold it was. I could run</p> <p>16 fifteen loads a day.</p> <p>17 Q. So you mentioned how cold it was.</p> <p>18 I assume when it was colder, the steam plant</p> <p>19 was running more and there was more ash; is</p> <p>20 that correct?</p> <p>21 A. Yep.</p> <p>22 Q. So it would be fifteen a day on</p> <p>23 average for weekdays for you?</p> <p>24 A. No, not on the average. It</p> <p>25 depended on how much load was on the boiler,</p>	<p>1 bed on it.</p> <p>2 Q. Uh-huh.</p> <p>3 A. And you pulled the doors down on</p> <p>4 the boilers and it comes down in the bucket and</p> <p>5 then you wheel it over to the ash skip, which</p> <p>6 is that on the side there, and it had a big</p> <p>7 bucket on it and it would take it up and dump</p> <p>8 it in a green tank.</p> <p>9 Q. And then the green tank would --</p> <p>10 would dump it into your tandem?</p> <p>11 A. You had a chain with a gate on it,</p> <p>12 like a -- it had a door on the bottom of the</p> <p>13 green tank that operated with a chain.</p> <p>14 Q. And was the green tank elevated so</p> <p>15 that it could pour into your truck?</p> <p>16 A. Yeah.</p> <p>17 Q. Who did you work with -- we're</p> <p>18 talking Longworth, right?</p> <p>19 A. Yeah.</p> <p>20 Q. Who did you work with at Longworth</p> <p>21 when you picked up the ash? Or did you do that</p> <p>22 work yourself?</p> <p>23 A. I loaded myself.</p> <p>24 Q. So that basically -- your job was</p> <p>25 to load up, drive it over to the dump, and then</p>
Page 18	Page 20
<p>1 how many boilers was running, how many was</p> <p>2 done.</p> <p>3 Q. What would be the range, would you</p> <p>4 say, for a particular weekday?</p> <p>5 A. Probably about six loads.</p> <p>6 Q. Would that be an average or range?</p> <p>7 I mean, low to high, what would low to high be?</p> <p>8 A. Probably about six loads.</p> <p>9 Q. Is a low?</p> <p>10 A. Yeah.</p> <p>11 Q. And what would be the high?</p> <p>12 A. Fifteen.</p> <p>13 Q. And then occasionally on weekends,</p> <p>14 they'd call you in?</p> <p>15 A. Yeah. When it gets cold, you work</p> <p>16 more in the wintertime.</p> <p>17 Q. So you might have to make some</p> <p>18 extra runs on the weekends to get the ash out</p> <p>19 of there?</p> <p>20 A. Yeah.</p> <p>21 Q. How did Longworth -- what did</p> <p>22 Longworth -- how did Longworth get the ashes</p> <p>23 out of the boilers to the truck? How did that</p> <p>24 occur?</p> <p>25 A. We had an electric truck with a</p>	<p>1 come back?</p> <p>2 A. Yep.</p> <p>3 Q. You could do that several times a</p> <p>4 day?</p> <p>5 A. Yep.</p> <p>6 Q. Did you do anything else for DP&L</p> <p>7 during that period of time?</p> <p>8 A. Help on maintenance. When there</p> <p>9 wasn't no ashes to haul, you would help on</p> <p>10 maintenance on the boilers.</p> <p>11 Q. And this would be right at</p> <p>12 Longworth?</p> <p>13 A. Yeah.</p> <p>14 Q. Did you also do that at Third</p> <p>15 Street?</p> <p>16 A. When I was driving a truck, no.</p> <p>17 Q. Okay. Okay. We'll talk about</p> <p>18 what you did later. If I showed you a map, do</p> <p>19 you believe you'd be able to identify where the</p> <p>20 South Dayton dump is?</p> <p>21 A. Probably.</p> <p>22 Q. Let's give it a shot. Let's mark</p> <p>23 this as Exhibit 2. This is actually an aerial</p> <p>24 map. I misspoke. I'm going to put this in</p> <p>25 front of you.</p>

5 (Pages 17 to 20)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000118

Page 21

1 (Thereupon, Davis Exhibit Number 2
2 was marked for purposes of identification.)
3 Q. Let's see if you can recognize
4 what we're talking about here.
5 A. Where is Dryden Road?
6 Q. Can you see the river?
7 A. Nope.
8 Q. Well, let me point out to you that
9 this looks like a river channel. Do you see
10 that?
11 A. Yep.
12 Q. Do you see a bridge over the river
13 here (indicating)?
14 A. Yep.
15 Q. Does that help you?
16 A. You came across the bridge, it was
17 on the right-hand side.
18 Q. And are you referring to the South
19 Dayton dump?
20 A. Yeah.
21 Q. Can you mark where you believe the
22 dump was with this red pen on Exhibit 2?
23 A. This thing is not clear.
24 Q. Do the best you can. Can you
25 locate the DP&L service building on this map?

Page 22

1 A. Probably over here (indicating).
2 Q. Now, the buildings are usually in
3 white if you can --
4 A. Right there (indicating).
5 Q. Do you know where the
6 transportation building, the garage is for
7 DP&L?
8 A. Okay. Here we go. Storeroom and
9 everything up there (indicating) and garage was
10 down here (indicating).
11 Q. Okay. Why don't you mark the
12 storeroom. Just put -- write storeroom right
13 on that where you pointed and garage where you
14 think the garage is.
15 A. (Witness complies with request.)
16 Q. Let the record reflect that the
17 witness is marking with a red pen on Exhibit 2.
18 Okay. He wrote garage and storeroom
19 on the exhibit.
20 Q. And where do you believe the dump
21 was?
22 A. It was across the street over here
23 (indicating).
24 Q. Why don't you circle where the
25 dump is?

Page 23

1 A. This is not clear.
2 Q. You're having a little difficulty
3 with it, huh?
4 A. Yep.
5 Q. Let me ask you a question. We'll
6 get you a better map later. Let me ask you a
7 question. How did you approach the dump in
8 your tandem? What road did you take in and
9 where did you make your turn?
10 A. Came down Patterson -- came out of
11 Longworth -- Perry Street. Came out Perry
12 Street to Acker Street, turn right on Acker, go
13 down Acker to Ludlow. Turn right on Ludlow.
14 Go out Ludlow up to the Carillon Boulevard,
15 make a right on Carillon Boulevard to Broadway.
16 Turn right on Broadway. Go up Broadway and
17 make a left into the dump.
18 Q. Okay. Okay. Sounds good. All
19 right. Now, when you went into the dump, did
20 you have to pass a gate?
21 A. Yeah.
22 Q. And what was at the gate?
23 A. Just a bar across it with a lock
24 on it.
25 Q. Did somebody come out to open the

Page 24

1 lock for you?
2 A. We had a key. The dump was
3 usually open on weekdays and half a day
4 Saturday. Other than that, if you had to dump
5 after that, you had the key.
6 Q. Now, did you yourself have a key?
7 A. Yeah.
8 Q. Now, when you drove the tandem
9 truck to the dump, did you have anybody in
10 there with you?
11 A. No.
12 Q. Always by yourself?
13 A. Not always. Unless you're taking
14 somebody down somewhere, to the garage or
15 something.
16 Q. You didn't need somebody to go to
17 the dump with you?
18 A. No.
19 Q. You just occasionally took
20 somebody on a ride for DP&L?
21 A. Yes.
22 Q. So you yourself had a key to the
23 dump, correct?
24 A. Yeah.
25 Q. Did you have that on the weekends

6 (Pages 21 to 24)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000119

Page 25	Page 27
<p>1 if you drove on the weekends?</p> <p>2 A. Yeah.</p> <p>3 Q. So where did you keep the key?</p> <p>4 A. On my key chain.</p> <p>5 Q. Uh-huh. And you kept it all the</p> <p>6 time when you went home even?</p> <p>7 A. Yeah.</p> <p>8 Q. There's nothing wrong with that.</p> <p>9 I'm just curious. What did the key say on it?</p> <p>10 Do you remember?</p> <p>11 A. No.</p> <p>12 Q. Did it have a number?</p> <p>13 A. I didn't pay that much attention</p> <p>14 to the key.</p> <p>15 Q. What was its shape?</p> <p>16 A. Like a door key, house key.</p> <p>17 Q. And who gave you that key?</p> <p>18 A. My supervisor.</p> <p>19 Q. And who's your supervisor?</p> <p>20 A. Paul Reneke.</p> <p>21 Q. Paul Reneke?</p> <p>22 A. Yep.</p> <p>23 Q. How do you spell his last name?</p> <p>24 A. I do not know.</p> <p>25 Q. Is he still alive?</p>	<p>1 A. Not really.</p> <p>2 Q. Was the truck you drove for DP&L</p> <p>3 always a brown truck?</p> <p>4 A. Yeah. No. They bought one in</p> <p>5 '77, I think.</p> <p>6 Q. And what kind of truck was -- I'm</p> <p>7 sorry. Go ahead.</p> <p>8 A. International white truck.</p> <p>9 Q. Was it the same size as the --</p> <p>10 A. Yeah.</p> <p>11 Q. Same size as the brown truck?</p> <p>12 A. Yes.</p> <p>13 Q. Did you ever drive the</p> <p>14 International white truck?</p> <p>15 A. Yeah.</p> <p>16 Q. For your last year or so?</p> <p>17 A. Yep.</p> <p>18 Q. Driving the truck, I mean.</p> <p>19 A. Yeah.</p> <p>20 Q. So we were saying when you got to</p> <p>21 the dump, you went through the gate. It either</p> <p>22 was open or you got out and unlocked it</p> <p>23 yourself?</p> <p>24 A. Yeah.</p> <p>25 Q. How would you know where to dump</p>
Page 26	Page 28
<p>1 A. No.</p> <p>2 Q. Was he your supervisor the entire</p> <p>3 time you drove the tandem?</p> <p>4 A. Yeah. No, he wasn't. He died.</p> <p>5 Q. Say that again.</p> <p>6 A. He died. A guy named Shellhouse</p> <p>7 took over. Dave Shellhouse.</p> <p>8 Q. Is he still alive?</p> <p>9 A. Yes.</p> <p>10 Q. Do you know if he lives in Dayton?</p> <p>11 A. In West Milton.</p> <p>12 Q. Do you have any idea how old he</p> <p>13 is?</p> <p>14 A. Seventy-four.</p> <p>15 Q. Somebody you see every so often?</p> <p>16 A. Yep.</p> <p>17 Q. Does he -- he would be retired</p> <p>18 then?</p> <p>19 A. Yeah.</p> <p>20 Q. What was the color of your tandem?</p> <p>21 A. Brown.</p> <p>22 Q. Sort of like a UPS truck brown?</p> <p>23 A. Yeah.</p> <p>24 Q. Did it have to get painted</p> <p>25 occasionally?</p>	<p>1 the ash in your truck?</p> <p>2 A. There was spots where you dumped</p> <p>3 it at. You made different spots where you'd go</p> <p>4 dump.</p> <p>5 Q. And that changed over time; is</p> <p>6 that right?</p> <p>7 A. Yeah.</p> <p>8 Q. Did you ever meet anybody at the</p> <p>9 dump while you were there?</p> <p>10 A. Meet anybody?</p> <p>11 Q. Let me ask it a little</p> <p>12 differently. The people that ran the dump, did</p> <p>13 you ever talk with them?</p> <p>14 A. Yeah.</p> <p>15 Q. And who were they?</p> <p>16 A. Lacine Grillot and Kenny Grillot.</p> <p>17 Q. Lacine and Kenny?</p> <p>18 A. Yeah.</p> <p>19 Q. Do you know if they were brothers?</p> <p>20 A. Yeah.</p> <p>21 Q. Did they tell you where to dump or</p> <p>22 did you -- well, did they ever tell you where</p> <p>23 to dump the ash?</p> <p>24 A. Yeah.</p> <p>25 Q. If I understand you correctly, did</p>

7 (Pages 25 to 28)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000120

Page 29	Page 31
<p>1 you -- were there times when you knew where to 2 dump it without being told? 3 A. Yeah. 4 Q. Anyone else at the dump that you 5 ever interacted with? 6 A. No. 7 Q. Just those two? 8 A. Yeah, just those two. Other 9 drivers from Delco would come in. 10 Q. Drivers from Delco? 11 A. Yeah. 12 Q. Any drivers from -- any other 13 drivers from DP&L? 14 A. Yeah. 15 Q. Go ahead. 16 A. Gas construction. Mostly just gas 17 construction. 18 Q. Okay. Tell me about gas 19 construction. Who -- who drove for gas 20 construction? 21 A. We had a bunch of people drive for 22 gas construction. I don't even know their 23 names. 24 Q. Do you remember any of their 25 names?</p>	<p>1 Q. So '70s and '80s, you saw dump 2 trucks from gas construction with front-end 3 loaders? 4 A. Yeah. 5 Q. Can you describe the size of the 6 dump truck? Do you have a sense of -- 7 A. Probably about a six-yard dump 8 truck. 9 Q. And you think there were more than 10 ten of them? 11 A. Yeah. 12 Q. What did the gas construction 13 people haul in those dump trucks? 14 A. Stuff that they dug up out of the 15 streets when you're putting gas lines and stuff 16 in. 17 Q. Around the city, around the 18 service area? 19 A. Yeah. 20 Q. How -- do you have a sense of how 21 frequently you would see the gas construction 22 dump trucks over at DP&L -- I'm sorry -- over 23 at the South Dayton dump? 24 A. See them every day. 25 Q. Any other, during your time</p>
Page 30	Page 32
<p>1 A. No. It's been too long. 2 Q. It's all right. What -- what kind 3 of trucks did gas construction have? 4 A. Dump trucks. Six-yard, seven-yard 5 dump trucks. 6 Q. More than one? 7 A. They had a lot of them. 8 Q. Do you got an approximation of how 9 many? 10 A. Not really. There was a bunch. 11 Q. More than -- more than three? 12 A. Yeah, more than ten. 13 Q. More than ten. Okay. Did they 14 have a special look to them? 15 A. Back then, they had a front-end 16 loader on them. 17 Q. Front-end loader from gas 18 construction? 19 A. Yeah. 20 Q. When you say back then, what 21 period of time are we talking about? 22 A. Back in the '70s, '80s. 23 Q. And you drove your tandem when -- 24 from '68 to '88; is that right? 25 A. Yeah.</p>	<p>1 operating the tandem, running the tandem, any 2 other DP&L trucks that you knew of coming into 3 South Dayton dump? 4 A. Nope. 5 Q. So it was gas construction and fly 6 ash. 7 A. Yeah. 8 Q. Anyone else haul the fly ash from 9 the various DP&L stations? 10 MR. CAMPBELL: I'll object to the 11 form of the question. 12 Q. Do you know if anyone else hauled 13 the fly ash? 14 A. The coal handlers when I was on 15 vacation or off sick. 16 Q. And do you know who had your job 17 of driving the tandem, hauling the fly ash, 18 prior to when you started? 19 A. Charlie -- Charlie Fields. I 20 think it was Charlie Fields. 21 Q. And Charlie Fields is still alive? 22 A. Yeah. 23 Q. Still working for Dayton Power and 24 Light? 25 A. Yeah.</p>

8 (Pages 29 to 32)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000121

Page 33	Page 35
<p>1 Q. And what about after you stopped 2 driving the tandem for DP&L? Who picked up 3 your job? 4 A. What was his name? Ed Johnson. 5 Q. Are you familiar with an 6 Ed Jackson? 7 A. Jackson. 8 Q. Is that the right name? 9 A. Yeah. 10 Q. He's the fellow that picked up 11 your job after you? 12 A. Yeah. 13 Q. Do you know if Ed is still alive? 14 A. No. 15 Q. Passed on? 16 A. Yeah. 17 Q. And do you know who took on the 18 job after Ed Jackson? 19 A. A bunch of people was driving it 20 after him. I don't think they hired somebody. 21 Just picked somebody out to drive, coal 22 handlers. 23 Q. Say that again. 24 A. Coal handlers, when they got 25 through with their job, they would haul.</p>	<p>1 Grillo's or anyone at the dump when you dumped 2 a load? 3 A. I didn't. 4 Q. Do you know how that was arranged? 5 A. Through the company. I guess 6 they'd pay it once a month. 7 Q. Did you ever see -- what -- what 8 information made you think it was a monthly 9 payment? 10 A. I wouldn't know. 11 Q. That's just what you figured? 12 A. Yeah. 13 Q. So that wasn't something you 14 needed to handle? 15 A. No. 16 Q. And you had that key. Did you 17 ever give that key up, give it back to your 18 supervisor? 19 A. Yeah, when I switched jobs. 20 Q. Uh-huh. Okay. Now, after the 21 1988 -- you mentioned that you were the tandem 22 driver from '68 to '88. What did you do next 23 for DP&L? 24 A. Repairman. 25 Q. And what kind of repair work did</p>
Page 34	Page 36
<p>1 Q. And coal handlers worked right at 2 the plant, at Longworth? 3 A. Yeah. 4 Q. And at Third Street as well? 5 A. Yeah. 6 Q. Do you have any knowledge about 7 whether DP&L had a dump truck that went from 8 the service building right across the street to 9 South Dayton dump? 10 A. They probably did, but I wouldn't 11 know. 12 Q. You never saw a dump truck coming 13 from the service building when you were at the 14 dump? 15 A. Well, that's where gas 16 construction was so you had them coming in and 17 out all day. 18 Q. Gas construction was based at the 19 service building? 20 A. Yeah. 21 Q. Okay. I got it. 22 Did you ever get a dumping receipt or 23 ticket at the dump when you dumped your loads? 24 A. No. 25 Q. Did you ever pay any money to the</p>	<p>1 you do? 2 A. Tubes and boilers, turbines, 3 pumps. 4 Q. Was this right at Longworth? 5 A. Yeah. 6 Q. Did you also do any repair work at 7 the Third Street facility? 8 A. Yeah. 9 Q. Any other facilities? 10 A. Nope. 11 Q. So you were -- did you have a 12 toolbox? 13 A. Yeah. 14 Q. And you did what was needed around 15 the -- around the power plant? 16 A. Yep. 17 Q. How long did you do that work? 18 A. From '88, '89 up until 2001. 19 Q. Until you -- 20 A. Until I retired. 21 Q. After the thirty-four years? 22 A. Yeah. 23 Q. Any involvement in waste disposal 24 from Longworth or Third Street during that 25 period of time?</p>

9 (Pages 33 to 36)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000122

Page 37	Page 39
<p>1 A. No.</p> <p>2 Q. Did you mention the tandem truck</p> <p>3 was a GMC?</p> <p>4 MR. CAMPBELL: Objection to</p> <p>5 foundation.</p> <p>6 THE WITNESS: Yeah.</p> <p>7 Q. Do you know -- I just wondered if</p> <p>8 you know what year the truck was made?</p> <p>9 A. No.</p> <p>10 MR. SILVER: All right. Can we take</p> <p>11 about a ten-minute break, see if I can get a</p> <p>12 better map for you.</p> <p>13 (Thereupon, a break was had.)</p> <p>14 Q. Just curious about Longworth. You</p> <p>15 hauled your tandem truck, filled it up with ash</p> <p>16 from the -- you testified from the boilers.</p> <p>17 Did any other waste get produced by Longworth</p> <p>18 that you're aware of and are you aware of how</p> <p>19 it left the site?</p> <p>20 A. Maybe some wood and stuff, but</p> <p>21 other than that, no. Wood and paper.</p> <p>22 Q. Wood and paper. What about just</p> <p>23 typical daily trash from the cafeteria -- from</p> <p>24 the office or whatever, you know.</p> <p>25 A. You can burn that in the boilers.</p>	<p>1 Expansion joints.</p> <p>2 Q. That front-end loader would come</p> <p>3 by Longworth and pick up wood?</p> <p>4 A. Yeah.</p> <p>5 Q. Do you know where that front-end</p> <p>6 loader took the waste?</p> <p>7 A. South Dayton.</p> <p>8 Q. Same location?</p> <p>9 A. Yeah.</p> <p>10 Q. Who drove the front-end loader for</p> <p>11 Fourth Street?</p> <p>12 A. I'm seventy-four years old.</p> <p>13 Q. Now we are testing you.</p> <p>14 A. Yeah, because they got -- he quit</p> <p>15 and went to Las Vegas. I can't remember the</p> <p>16 name.</p> <p>17 Q. He moved to Las Vegas, did you</p> <p>18 say?</p> <p>19 A. Yeah.</p> <p>20 Q. Still alive?</p> <p>21 A. I don't know.</p> <p>22 Q. How old would you say the guy was?</p> <p>23 A. Probably in his forties.</p> <p>24 Q. Forties back then?</p> <p>25 A. Yeah.</p>
Page 38	Page 40
<p>1 Q. Uh-huh. But other than -- but</p> <p>2 would that wood also go into your truck for</p> <p>3 hauling away?</p> <p>4 A. Mostly Fourth Street hauled it</p> <p>5 because they had a front-end loader that could</p> <p>6 come in and load it and take it.</p> <p>7 Q. You say Fourth Street?</p> <p>8 A. Yes.</p> <p>9 Q. We talked about Third Street,</p> <p>10 right?</p> <p>11 A. Yeah.</p> <p>12 Q. What was Fourth Street?</p> <p>13 A. They repaired meters, steam</p> <p>14 meters, and checked pipes that run along the</p> <p>15 street and everything.</p> <p>16 Q. Repaired them right over on Fourth</p> <p>17 Street?</p> <p>18 A. Yeah.</p> <p>19 Q. Was that during your entire time</p> <p>20 based at Longworth?</p> <p>21 A. Yeah.</p> <p>22 Q. And they had a front-end loader at</p> <p>23 Fourth?</p> <p>24 A. Front-end loader and backhoe.</p> <p>25 They dug up steam pipes and repaired them.</p>	<p>1 Q. Okay. And that was at least</p> <p>2 twenty some years ago, right?</p> <p>3 A. Yeah.</p> <p>4 Q. Okay. All right. If you think of</p> <p>5 his name before we're done --</p> <p>6 A. Hasting Pane.</p> <p>7 Q. Say that again.</p> <p>8 A. Hasting Pane.</p> <p>9 Q. Hasting, his first name?</p> <p>10 A. Pane.</p> <p>11 Q. P A N E?</p> <p>12 A. Yeah.</p> <p>13 Q. And you think he moved out to Las</p> <p>14 Vegas?</p> <p>15 A. Yeah.</p> <p>16 Q. Did he get a job out there?</p> <p>17 A. Yeah.</p> <p>18 Q. Do you know what kind?</p> <p>19 A. No.</p> <p>20 Q. You mentioned Ed Jackson had</p> <p>21 passed away?</p> <p>22 A. Yeah.</p> <p>23 Q. What kind of frequency did the</p> <p>24 Fourth Street, if you know, front-end loader</p> <p>25 take trips to South Dayton?</p>

10 (Pages 37 to 40)

Mike Mobley Reporting 937-222-2259

DPL2USEPA-JAN2015-000123

Page 41	Page 43
<p>1 A. Practically every day.</p> <p>2 Q. Do you think more than --</p> <p>3 A. Every day. Longworth, Fourth</p> <p>4 Street and steam was tied together. And Third</p> <p>5 Street was tied together. It was all steam.</p> <p>6 Q. Uh-huh.</p> <p>7 A. All of them worked together.</p> <p>8 Q. Fourth Street had a steam plant as</p> <p>9 well?</p> <p>10 A. No. They had a repair shop.</p> <p>11 Repaired meters and repaired the lines in the</p> <p>12 street.</p> <p>13 Q. But those three facilities,</p> <p>14 Longworth, Third Street, and Fourth Street</p> <p>15 worked together in terms of waste?</p> <p>16 A. Yeah.</p> <p>17 Q. Did that front-end loader that</p> <p>18 came out of Fourth Street that went down to the</p> <p>19 dump every day, did it make more than one trip</p> <p>20 a day, do you know?</p> <p>21 A. It probably did. It was working</p> <p>22 on the street.</p> <p>23 Q. All right. I wanted to show you</p> <p>24 different -- hopefully a little more clear.</p> <p>25 (Thereupon, Davis Exhibit Number 3</p>	<p>1 so it would be a little easier to see?</p> <p>2 A. (Witness complies with request.)</p> <p>3 Q. You mentioned the service</p> <p>4 building. Can you put a circle around where</p> <p>5 the service building is?</p> <p>6 A. Right here (indicating).</p> <p>7 Q. Can you write service building</p> <p>8 where you think the service building was?</p> <p>9 A. How do you spell service?</p> <p>10 Q. S E R V I C E. And the garage,</p> <p>11 you identified that previously. Do you see the</p> <p>12 garage?</p> <p>13 A. Down here (indicating).</p> <p>14 Q. Write garage next to -- are you</p> <p>15 referring to that black -- black building</p> <p>16 there? Is that what you're referring to as the</p> <p>17 garage? It's been a while, hasn't it?</p> <p>18 A. Yep. It's got to be -- yeah,</p> <p>19 that's got to be the garage (indicating). Have</p> <p>20 to be.</p> <p>21 Q. Now, I want you to go back to</p> <p>22 Exhibit 1, this bigger one that was a little</p> <p>23 more difficult for you to see. And comparing</p> <p>24 the two, now that you've got your glasses on,</p> <p>25 hopefully you'll be able to see better, I want</p>
Page 42	Page 44
<p>1 was marked for purposes of identification.)</p> <p>2 Q. We're going to put in front of</p> <p>3 you, Mr. Davis, another aerial photograph,</p> <p>4 maybe a little bit more clear. It's got some</p> <p>5 streets marked on it. See if you can find the</p> <p>6 roads you want to look at.</p> <p>7 A. This is Dryden (indicating). The</p> <p>8 dump would be back in here (indicating).</p> <p>9 Q. Can you circle -- you've got that</p> <p>10 red pen where you were pointing. Circle where</p> <p>11 you were pointing and write in dump. You just</p> <p>12 mentioned the service building. Can you write</p> <p>13 in service building there with your red pen so</p> <p>14 we know what you're referring to?</p> <p>15 A. Let me get my funny looking</p> <p>16 glasses out.</p> <p>17 Q. Let the record reflect that he's</p> <p>18 pulling out his funny looking glasses.</p> <p>19 A. Hmm. This is Dryden Road</p> <p>20 (indicating). So the dump had to be back in</p> <p>21 here (indicating).</p> <p>22 Q. Let the record reflect that he</p> <p>23 wrote -- did you just write in dump there?</p> <p>24 A. Yeah.</p> <p>25 Q. Can you put a circle around there</p>	<p>1 to have you look at the buildings that you</p> <p>2 marked as the garage -- let's do it so they're</p> <p>3 facing the same way on each of the -- on</p> <p>4 Exhibit 1 -- I'm sorry -- on Exhibit 2 and 3,</p> <p>5 and the service building and make sure you --</p> <p>6 A. The garage was south of the</p> <p>7 service building.</p> <p>8 Q. Right. So where would -- would</p> <p>9 this have been the garage or the service</p> <p>10 building (indicating)? I'm pointing to Exhibit</p> <p>11 2 now. I just want to make sure we clear up</p> <p>12 the confusion here. Do you see what I'm</p> <p>13 talking about?</p> <p>14 A. Yeah. This was probably the</p> <p>15 service building (indicating). It's hard to</p> <p>16 tell on these pictures.</p> <p>17 Q. All right. Well, that's fine.</p> <p>18 We'll leave it as it is and -- was the service</p> <p>19 building bigger than the garage?</p> <p>20 A. Yeah.</p> <p>21 Q. So does that help if I help you --</p> <p>22 A. That's the reason why I think</p> <p>23 that's the service building.</p> <p>24 Q. And what about that (indicating)?</p> <p>25 A. That would be the service</p>
